HAVE A GREAT
SUMMER

INSIDE THE CLASSROOMS

Turning Knowledge into ...

FUN

As the year comes to an end, our *6th grade students* took skills from the year and turned them into fun review board games!

6th Grade Graduation

Learning from the Past, Exploring the Present

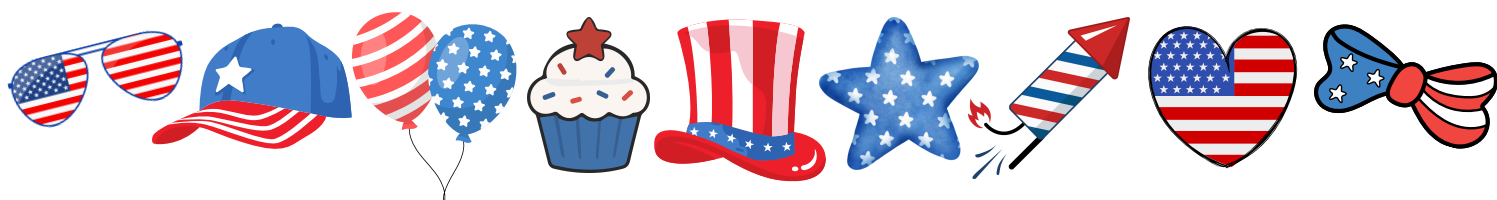

Earlier this month, our *4th graders* stepped back in time during an exciting field trip to Genesee Country Village & Museum. Students explored life in Colonial America by learning about a variety of historical trades and even trying their hand at some trade work themselves. Through hands-on experiences and demonstrations, they gained a deeper understanding of how people lived and worked in the past.

On the way home, the class made a stop at Stony Brook State Park, where they explored the park's impressive rock formations and learned about the many recreational opportunities available throughout the summer months. *As a reminder, all 4th graders receive free access to state parks through the Every Kid Outdoors program, making it a great opportunity for families to continue exploring New York's natural treasures all summer long.*

Old-Fashioned Field Day

Cooling Off, Pre-K Style!

After a fun-filled Pre-K Field Day, students enjoyed a cool and refreshing snow cone. It was the perfect sweet treat to end an exciting day of games, laughter, and outdoor fun!

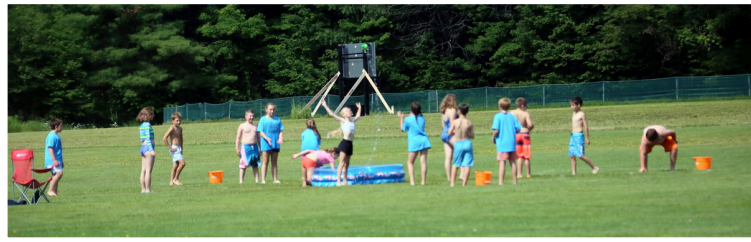

FIELD DAY

On Wednesday, the entire elementary school came together at the Sports Complex for our annual Field Day, enjoying a full day of fun, laughter, and friendly competition. Students participated in a variety of outdoor games and activities while making lasting memories with classmates and staff.

The day began with the Pledge of Allegiance, followed by our annual Cystic Fibrosis Walk to help raise money for a meaningful cause. Breakfast and lunch were served at the Sports Complex, allowing everyone to spend the entire day outdoors enjoying the beautiful weather. It was the perfect day filled with fun, teamwork, and Wildcat spirit!

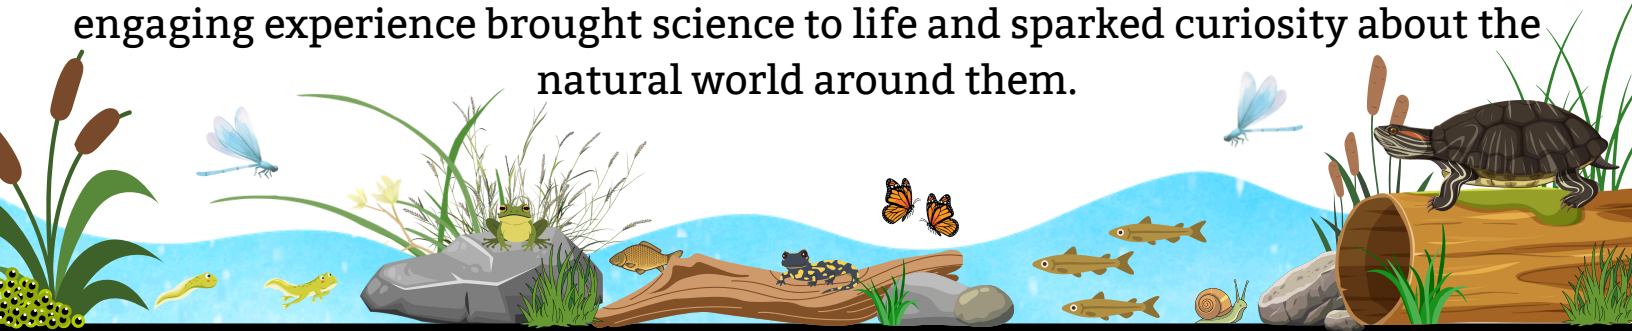

Curiosity Beneath the Surface

During science class, *our 4th graders* dove into the fascinating world of ponds and pond ecosystems. As they learned about the many plants and animals that call ponds home, students helped create classroom ponds to observe pond life up close. The ponds were filled with tadpoles, salamanders, snails, and other amazing creatures, giving students a hands-on opportunity to study life cycles, habitats, and ecosystem interactions. This engaging experience brought science to life and sparked curiosity about the natural world around them.

Dear Jasper-Troupsburg CSD families,

We're excited to share that we've adopted a new communication platform called ParentSquare to help us keep you better informed and more connected with your school community.

With ParentSquare, you'll receive all school and classroom messages in one place—whether by email, text, app, or web. You'll also be able to:

- Stay up to date on news and events
- Send and receive messages with teachers and staff
- Fill out forms and permission slips
- Sign up for conferences and volunteer opportunities
- View calendar items and photos from your school

All school, grade-level, and classroom communications will now come through ParentSquare.

Jasper-Troupsburg CSD expects full rollout to begin September 2026 at the start of the new school year! This will include training documents, information and downloads about the app and more! You can find more information and FAQs about this at our website: www.jtcsd.org

If you have any questions, feel free to contact Mr. Penner @ dpenner@jtcsd.org

Thank you,

Jasper-Troupsburg Central School District

To celebrate the end of the school year, our 6th graders and faculty/staff members came together for a fun-filled volleyball tournament! Participants were randomly assigned to mixed teams, giving students and staff the opportunity to work together, build new connections, and enjoy some friendly competition.

Throughout the tournament, the gym was filled with excitement, teamwork, laughter, and plenty of school spirit. Whether serving, setting, spiking, or cheering from the sidelines, everyone played an important role in making the event a memorable experience. It was a wonderful way to celebrate the accomplishments of the year and create lasting memories before summer break.

A PAWS-ITIVELY GREAT PICNIC DAY!

Kids Read Now 2026 Program

To participating families:

Get ready for the best summer reading program— Kids Read Now! Designed and proven to maintain reading skills over the summer, Kids Read Now is a non-profit organization focused on best practices for reading engagement and growth.

We are delighted to partner with them to provide a high-quality reading program throughout the summer... and it's **completely FREE to you!** Your child's teacher will help your child choose eight books at their reading level. You'll also receive a bonus creative reading journal containing fabulous illustrations your kids can use as writing prompts.

All books will be sent to your home over the course of the summer. In order to have the books arrive by mail, we ask families to confirm and update their contact information online at portal.kidsreadnow.org.

See what popular, award winning, engaging books your child selected by downloading the KRN app. You can also report the books your child has read and track their progress! Students who report all eight books are rewarded with a prize and certificate in the fall!
