Information on Caterings

Events will be billed by the expected attendance given, not by actual attendance. Best practice is to get RSVP's from attendees to help control cost.

Final Attendance number need to be submitted 10 days prior to event.

Pricing is set for the School year.

Table linens and Napkins can be rented. The charge for these items will be no more than what is charged by the linen company to rent. However, charges for any damages will be billed.

Most events choose to use disposable plates and Flatware. Non-disposables may be chosen at no additional cost.

All buffet-style lines will remain "open" for no less than 15 minutes after the last person has been served to allow for seconds.

*Wait Staff- Club students that require service hours may be used in place of all but One ZFS staff member. If this option is used, then the cost for the One ZFS staff member will be \$25.

This Institution is an Equal Opportunity Provider
