Asst Athletic/Activities Dir (changes by year)	Channel 1	William Garrett	5532/Channel 1
John Dages	5503/Channel 1	Nicole Sucio	5522/Channel 1
Brandon Cotter	5501/Channel 1		
Nicole Wasko	5517/Channel 1		

<u>AED Response Plan</u>
1. Staff member alerts Dean’s Office of emergency by call button in room or radio channel 1. (If victim is unresponsive, notify bring the AED), start CPR, remove students to adjacent classroom and stay with victim.
2. Dean’s Office will announce alert: “Code AED to *** (give exact location)” via intercom. All members should go immediately to that location with their assigned radio.
3. If CPR has not been initiated, then the closest CPR certified/trained person begins CPR. When the nurse/athletic trainer/administration arrives, they will take over CPR and medical care.
4. SRO will radio for EMS and direct to the scene upon arrival.
5. Administration will document events (with nurse’s assistance) and will communicate with the administration.
6. Deans Office will print the demographics sheet.
7. Administration will call and inform parents/family.
<u>Non-Emergency Responsibilities:</u>
The Athletic Director will notify local police/fire department of presence and locations of AED units on site. The Athletic Trainers will also be responsible for maintaining AED checklist and provide ongoing training and updates to members of AED/CPR team.
<u>District Educational Components</u>
Beginning in the 2025-26 school year, all staff will be required to participate in a mandatory AED training via GCN platform.

Off Site Process (Field Trips): Call EMS (911) and notify parent/guardian.
