Grades 6-10

MONROE SCHOOL DISTRICT

WHAT WILL STUDENTS LEARN?

STEM will immerse 6th-10th grade students in Science, Technology, and Math learning experiences. Students will develop skills necessary for the 21st century such as problem solving, collaborative group work, persevering through difficult problems/situations, critical thinking, and utilizing

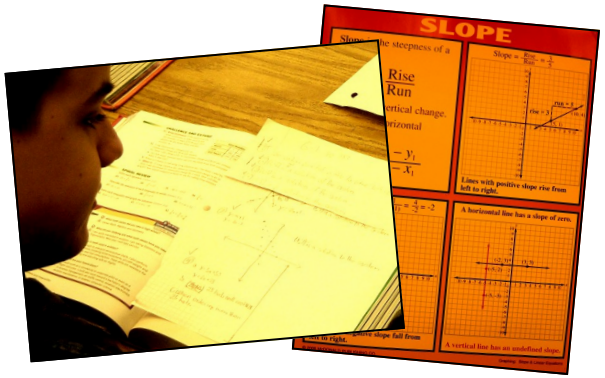

creativity in solving problems.

STEM concepts and applications are reinforced with projects and investigations.

WHY IS STEM IMPORTANT?

The focus on logical thought processes and problem-solving allows students to develop mental habits that will help them succeed in any field. **STEM** coursework challenges students to think critically and come up with their own solutions.

STEM Schedule

Monday

9am-3:20pm

The STEM class counts for 3 weight of classes. Enrollment is available in our Parent Partnership Program. For more information, contact the main office.
