What is a parent led co-op?

A community of families that are an integral part of their child's education, working cooperatively to nurture their love of learning and build their character.

Sky Valley Education Center
351 Short Columbia St
Monroe, WA 98272
360-804-2700

Notice of Non-Discrimination

The Monroe School District does not discriminate on the basis of sex, race, creed, religion, color, national origin, age, honorably discharged veteran or military status, sexual orientation including gender expression or identity, the presence of any sensory, mental, or physical disability, or the use of a trained dog guide or service animal by a person with a disability in its programs and activities and provides equal access to the Boy Scouts and other designated youth groups.

The following employees have been designated to handle questions and complaints of alleged discrimination:

Explode the Code
Growing with Grammar
Math U See
Soaring with Spelling
Story of the World
Winning with Writing
Book Club
Various Science Resources

Classes

We will do a combination of group meetings and splitting into groups based on grade/level. Parents may place their child where they feel is appropriate.

Counts as 4 Classes

Community

Build a community with other families.

Students have consistent interactions with each other providing time for building connections.

Parents help to facilitate classes, as needed and according to your strengths. All materials are provided!

Life

Nurture Kindness

Co-Op provides the opportunity for parents to model kindness to their children in their interactions with each other.

Nurture Wonder

Co-Op provides the opportunity for teaching a sense of awe and wonder of the world, and a love for learning.

Weekly Classes: We will focus on Science and Social Studies, diving into a new topic each month. Miss Shawna will present information to the whole class. Parents will then facilitate pre-planned activities within small groups.

•**Field Trips:** On the last Monday of the month, we take our learning on the road for a field trip!

•**At-Home Learning:** To support your learning journey at home, we'll be using *Math With Confidence* from the Well-Trained Mind. It is a colorful math curriculum with an easy to follow parent guide. We will also send home weekly Language Arts packets covering spelling, handwriting, and grammar.

•**Book Clubs:** There will be several books to choose from. Choose a book club that matches your child's interest and reading level.
