

GIFTS AND DONATIONS

Accepting Gifts and Donations

Plainfield Community School Corporation ("Corporation") appreciates the generosity of the community and is grateful when school support groups, private organizations, and/or individuals desire to give gifts or donations to the Corporation, its employees, its enrolled students, and/or their families. Gifts or donations over five hundred dollars (\$500.00) must be accepted by the Board of School Trustees prior to the receipt of such gifts or donations and fall within acceptable standards that support the Corporation's mission. Accordingly, if possible, school principals or other administrators should inform the Superintendent or their designee that a gift or donation is being contemplated. The Superintendent or their designee would then request Board approval prior to authorizing acceptance of the gift or donation.
