2024-2025 School Accountability Report Card (Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

2025-26 School Description and Mission Statement

The Clearlake Creativity School is in Clearlake, California, and has served as a regionalized program for the students of Lake County for more than 10 years. The Clearlake Creativity School (CCS) is a program uniquely designed to suit the needs of students from within Lake County who have intensive behaviors and are unable to make adequate academic progress in a general education setting. The NEEDS-SEB (Needs-driven, Equity-focused, Evidence-based, Designed to provide specialized instruction, Sustainable implementation model for Social, Emotional, and Behavioral supports) model is based on a multi-tiered system of supports (MTSS) and a token economy that are meant to improve student behavior, emotional regulation, and academic success. The program consists of 3 stages, and each stage allows the student to earn access to privileges, responsibility, and freedom similar to that of students in general education. Clearlake Creativity School serves approximately 20

2025-26 School Description and Mission Statement

students total in grades 4-12, by strict adherence to Diana Browning Wright 's NEEDS-SEB program, with the goal of students being able to return to their home school once they have mastered the social and emotional skills necessary to be successful.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement

The Clearlake Creativity School (CCS) believes that the most influential factor in a child's life is his/her parent(s)/guardians and encourages close partnerships with each child and their family. Throughout the year there are many opportunities to become involved with each child's education. Currently, all CCS students hold an IEP (Individualized Education Program) with many having a primary designation of emotional disability (ED) which means that the parent is a mandatory part of the IEP process. Parents and guardians are encouraged to review daily points with their child, to participate in school events, and to communicate with the CCS team regularly. Each year parents have the opportunity to participate in Back To School Night, a Thanksgiving Feast, a Holiday gathering and graduation ceremonies (mid-year and end-of-year). CCS has been able to host Reading & Literacy events. School Site Council meetings and LCAP engagement meetings also provide additional opportunities for families to voice their concerns and needs and to participate in the school culture. As we move into the future, CCS is excited to create more opportunities for parents and guardians to become integral members of the CCS family.

C. Engagement

State Priority: Pupil Engagement

2025-26 School Safety Plan

The school safety committee for the Clearlake Creativity School last reviewed and updated the Safety Plan at the December 16, 2025 School Site Council meeting in which Chief Sapeta and Autumn Lancaster from the Lake County Fire Protection District reviewed and commented on the plan. Recommendations by the officers were immediately incorporated into the plan, bringing it as current and helpful to the stakeholders at CCS as possible. Input was given by the staff as well as the officers. Key elements of the plan include the following: site data, including the number of office referrals and violations, suspension and attendance data, threat assessment data, child abuse reporting procedures, disaster procedures, Uniform Complaint Procedure information, discipline information and the dress code. The Lake County Board of Education will review the final School Safety Plan at the regular board meeting scheduled for February 2025. The school safety plan can be found here:

Professional Development

The Clearlake Creativity School has focused the majority of our professional development on the Diana Browning-Wright NEEDS-SEB Program. We also engage in CPI training, training on trauma-informed practices, de-escalation techniques First Aid/CPR, Social Emotional Learning, and we work closely with Behavioral Health to address the needs of our students. Beginning in the 2024-25 school year, certificated and classified staff hold a contract for a minimum of 190 days (10 days beyond the 180 school days) to ensure staff have additional paid time to participate in professional learning.

This table displays the number of school days dedicated to staff development and continuous improvement.
