BOND RESOLUTION DATED JULY 2, 2026 AUTHORIZING THE ISSUANCE OF \$423,753 GENERAL OBLIGATION BONDS OF THE WYOMING CENTRAL SCHOOL DISTRICT, NEW YORK, TO PAY SAID SCHOOL DISTRICT'S SHARE OF THE COST OF CERTAIN CAPITAL IMPROVEMENTS TO THE EXISTING BOCES FACILITIES.

WHEREAS, the Genesee, Livingston, Steuben, Wyoming Board of Cooperative Educational Services, New York (the "Geneses Valley BOCES" or the "BOCES") has heretofore been created and this School District is one of the component school districts thereof;

WHEREAS, at a special election of the qualified voters of the BOCES, held on June 9, 2026, a proposition was duly approved authorizing the BOCES to undertake additions to, and construction and reconstruction of, school buildings and facilities at BOCES-owned campuses at 8250 State Street, Batavia, New York and at 27 Lackawanna Avenue, Mount Morris, New York to increase their utility for the purposes of the BOCES at a maximum estimated cost of \$42,885,649 (the "Project") and in furtherance thereof, the BOCES has entered into an agreement by and among the BOCES and each of the component school districts of the BOCES providing for such construction, reconstruction and equipping, the allocation and apportionment of such maximum cost among such component school districts, the payment by each such component school district of its respective share to the BOCES and other matters incidental thereto;

WHEREAS, said unanimous agreement has heretofore been duly executed by the BOCES and by each of the component school districts thereof;

WHEREAS, pursuant to Section 1950(14) of the Education Law, neither the approval of the voters of the component school districts, nor the voting of a special tax or a tax to be collected in the installments are conditions precedent to the adoption by the boards of education of each respective component school district of the BOCES of bond resolutions authorizing the financing of their respective proportionate share of the aforesaid maximum costs;

WHEREAS, the Geneses Valley BOCES, as lead agency under the State Environmental Quality Review Act of the State of New York and the applicable regulations thereunder ("SEQRA"), has heretofore completed its environmental review and, on February 18, 2026, has duly issued a negative declaration and has determined that the implementation of the type I action as proposed will not result in any significant adverse environmental impacts; and

WHEREAS, it is now desired to authorize an appropriation by this School District of its share of the aforesaid maximum costs and to authorize (but not require) the financing by this School District of its share of the aforesaid maximum costs, all as

authorized by said Section 1950(14) of the Education Law;

NOW THEREFORE BE IT RESOLVED, by the Board of Education of the Wyoming Central School District, New York (hereinafter referred to as the "School District"), as follows:

Section 1. The specific object or purpose to be financed pursuant to this resolution is the share of the School District of the maximum costs of the aforesaid construction, reconstruction and equipping of facilities owned by BOCES, as more fully described in the preambles hereto (the "purpose"). No money has heretofore been authorized to be applied to the payment of the cost of the purpose.

Section 2. The share of the School District of the maximum cost of the aforesaid purpose is \$423,753 (which share of said costs constitutes the maximum estimated cost thereof to the School District, for purposes of Section 32.00 of the Local Finance Law). The plan for the financing thereof is by the issuance of up to an aggregate of \$423,753 of general obligation serial bonds (and, if desirable, notes (and renewals) in anticipation thereof) of said School District, hereby authorized to be issued pursuant to the Local Finance Law, and said amount is hereby appropriated therefor. Investment earnings on such obligations shall be applied to either the debt service on such obligations, or to the costs of the aforesaid purpose but only if within the School District's share amount as set forth above. Such bonds and notes are to be payable from amounts which shall annually be levied on all the taxable real property in the School District, and the faith and credit of the School District, are hereby pledged for the payment of the bonds and notes and the interest thereon.

Section 3. It is hereby determined that the period of probable usefulness of the aforesaid purpose is thirty years, pursuant to subdivision 14(b) of Section 1950 of the Education Law.

Section 4. Subject to the provisions of the Local Finance Law, the power to authorize the issuance of and to sell the bonds herein authorized and the bond anticipation notes in anticipation of the issuance and sale of such bonds, including renewals of such notes, is hereby delegated to the President of the Board of Education, the chief fiscal officer, or to the Vice President of the Board in the event of the absence or unavailability of the President. Such bonds and notes shall be of such terms, forms and contents, and shall be sold in such manner, as may be prescribed by said President or Vice President of the Board of Education, consistent with the provisions of the Local Finance Law.

Section 5. All other matters except as provided herein relating to the bonds and notes herein authorized including the date, denominations, maturities and interest payment dates, within the limitations prescribed herein, and the manner of execution of the same and also including the authority to determine whether to accept bids

electronically to the extent allowed by the Local Finance Law, the consolidation with other issues, the determination to issue Bonds with substantially level or declining annual debt service, all contracts for, and determinations with respect to credit or liquidity enhancements, if any, shall be determined by the President of the Board of Education, or by the Vice President of the Board in the event of the absence or unavailability of the President. Such bonds and notes shall contain substantially the recital of validity clause provided for in Section 52.00 of the Local Finance Law, and shall otherwise be in such form and contain such recitals, in addition to those required by Section 51.00 of the Local Finance Law, as the President or Vice President of the Board of Education shall determine consistent with the provisions of the Local Finance Law.

Section 6. It is hereby determined and declared that the School District reasonably expects to reimburse the general fund (or such other fund as may be utilized), not to exceed the maximum amount authorized herein, from the proceeds of the obligations authorized hereby for expenditures, if any, from such fund that may be made for the purpose prior to the date of issuance of such obligations. This is a declaration of official intent under Treasury Regulation §1.150-2.

Section 7. The validity of such bonds and notes may be contested only if:

- 1) Such obligations are authorized for an object or purpose for which said School District is not authorized to expend money, or
- 2) The provisions of law which should be complied with as of the date of publication of this resolution are not substantially complied with, and an action, suit or proceeding contesting such validity is commenced within twenty days after the date of such publication, or
- 3) Such obligations are authorized in violation of the provisions of the Constitution.

Section 8. This resolution, which takes effect immediately, shall be published in full in each official newspaper of the School District, together with a notice of the School District Clerk substantially in the form provided in Section 81.00 of the Local Finance Law.

MEMORANDUM OF UNDERSTANDING
BETWEEN THE
WYOMING CENTRAL SCHOOL DISTRICT
AND THE
ATTICA CENTRAL SCHOOL DISTRICT

The Wyoming Central School District and the Attica Central School District hereby enters into a contract for the education of students in grades 9-12 beginning with the 2026-2027 school year. This Memorandum of Understanding is an Addendum to the University of the State of New York, the State Education Department Bureau of Educational Management Services SA-10 form.

Duration of Contract - Wyoming Central School District and Attica Central School District enter into this contract for one year beginning on July 1, 2026

Cost - Regular Students and Special Education Students - The tuition rates per student for secondary general education students and for special education students enrolled in Attica Central classes will be as follows:

School Year	General Education Tuition Rate	Special Education Tuition Rate
2026-2027	\$3,613	\$10,010

Students enrolled in non-special education BOCES classes (career & technical, alternative education, TASC, etc.) will have BOCES tuition payment made directly to BOCES by Wyoming Central School District. Those students enrolled part-time in BOCES and part-time at Attica Central will have tuition rates pro-rated for time spent in Attica Central.

For special education students placed in a district-operated program, Wyoming will be billed for occupational therapy, physical therapy, speech, counseling, vision therapy or any other related service at the established Genesee Valley Educational Partnership half-hour rates for that same school year. For a student placed in a resource room, Wyoming will be billed an additional \$650 per student. For special education students in a BOCES special education placement, or private placement, actual costs will be billed based upon the most current version of Questar BOCES guidebook Reimbursement for Non-Resident Pupils.

Wyoming will reimburse the Attica Central School District for the additional cost of their CSE responsibilities. This cost shall be determined by dividing the number of students placed by the CSE at the receiving school as of December 1st of each year into the total dollar amount of the CSE Office expenses, including the salary of the CSE Chairperson, the salary of the CSE secretary and the salary of the school psychologist to determine the per student cost. This amount shall be added to the base tuition rate for each such special education student. For special education students in a BOCES or private placement, this additional cost will be billed separately from their tuition and related services costs.

If the CSE of the Attica Central School District determines that a Wyoming special education student requires the services of a one-to-one aide, that person shall be hired by and the salary paid by the Attica Central School District. Wyoming Central School will be billed the net cost after all state aid is deducted. No later than thirty (30) days prior to the end of each school year (June 30) the Wyoming Central School District and the Attica Central School District shall review, renegotiate and/or delete the provisions of this paragraph.

Notwithstanding the above projected tuition rates for regular and special education students, the charge to the Wyoming Central School District for the instruction of such students,

and the responsibilities of the Attica Central School District, shall be subject to and governed by Section 174.2 of the Regulations of the Commissioner of Education.

Special Education Students - In accordance with Section 200.2(f) of the Regulations of the Commissioner of Education, the Committee on Special Education of the Attica Central School District shall serve as the Committee on Special Education for all Wyoming Central School District students placed in the Attica Central School District pursuant to this contract. The Wyoming Central School District shall be responsible for the cost of the special education program, placement and related services for Wyoming students in accordance with the provisions in the preceding section.

The Wyoming Central School District shall be informed within five (5) days from the date of the recommendation of the Committee on Special Education in the Attica Central School District concerning the program, placement and related services of each Wyoming special education student placed by the Attica Central School District.

The Wyoming Central School District and the Attica Central School District agree that the Wyoming Central School District shall appoint a representative from Wyoming Central School District to serve on the Committee on Special Education of the Attica Central School District for each Wyoming Central School student.

The Wyoming Central School District will provide transportation during the school year for special education student(s) to a BOCES or private placement as stated in the student's Individual Education Plan. The Attica Central School District will contract with Wyoming Central School District to provide transportation for a special education student to a BOCES or

private placement during the summer. Any unaided portion of the summer transportation contract will be billed back to Wyoming Central School District.

Billing - Attica Central School will bill Wyoming Central School at the end of each month for services rendered. If a student enters the first day of or leaves prior to the last regular day of school, tuition will be pro-rated accordingly.

Transportation - Wyoming Central School will transport students to and from Attica Central School in the morning and afternoon.

BOCES students will be transported to and from BOCES (morning and afternoon) by Wyoming Central School. Noon time BOCES shuttle will be provided by Attica Central School.

Continual Guidance - The two districts will work cooperating in preparing schedules and visitations for all students initially enrolling at Attica Central School. The Attica Central School District shall provide, prior to the start of the freshman academic year, an opportunity for students to familiarize themselves to individual lockers and their scheduled classrooms. Attica Central School District shall also provide immediate access to their district newsletters following completion of the spring academic scheduling process.

School Closings - In the event that Wyoming Central School is not able to open or is obliged to close early for emergency reasons (and Attica Central School remains open), Wyoming student residents will be given reasonable assistance and opportunities to correct and complete any school work missed as a result of the closing. In addition, tardiness or absences that are directly

the result of problems experienced by transportation provided by Wyoming Central School will not adversely affect student status in the regular school program or in any extracurricular activity.

Transferring - It is understood and agreed that once the parents/guardians and student selects a school, the designation may not be changed and the student may not attend any other receiving district; unless it is clearly demonstrated that a transfer to another district is in the best educational interest of the student; and the parents, the Wyoming Central School District, the designated district of attendance, and the new receiving district all consent in writing. In the case of students receiving special education services, the placement may only be changed by the required procedures through the Committee on Special Education.

Applicable Law - The provisions of this contract shall be governed by and interpreted by the Laws and Regulations of the State of New York as they may be amended from time to time, and any inconsistent provision herein shall be revised in accordance with any statutory or regulatory changes.

Expiration and Renewal - The parties to this contract shall commence discussion at least six months prior to the expiration date of June 30, 2027 for a renewal and successor Agreement. It is the intention of the parties to complete a renewal Agreement prior to the expiration date. In the event discussions and negotiations have not resulted in a renewal Agreement, all of the terms and provisions contained herein shall continue in full force and effect, with the exception of

tuition rates and any other financial provisions which shall be adjusted retroactively to July 1, 2026 upon completion and execution of the renewal Agreement.

I am writing to let you know that I am having knee surgery on July 6, 2026.

I am requesting a paid and unpaid leave due to my surgery. The doctor said that it is a 4 to 6 months recovery time frame.

I will continue to keep you updated on everything as I go through this process.

Thank You
