

Welcome to 1st Grade

2026-2027

Dear 1st Grade Families,

The new school year will soon begin and we are happy that your child will be a Deep Springs Dragon! We are here to provide a safe and welcoming environment where you child can create, grow, laugh and learn new things. You will be amazed at how much students in the 1st grade will learn. This year students will begin to read, write, and solve math equations with fluency. In addition to academic growth, students will learn how to persevere and work cooperatively with others. We encourage you to celebrate with us as students reach and exceed important milestones throughout the year.

A key element to your child's success is consistent communication between teachers and families. Communication will occur using the Parent Square application. The app can be downloaded on iPhone and Android devices. All school and classroom announcements will be sent in Parent Square. If you are unable to download the app, you can communicate through Parent Square text messaging. More information about communication will come from your child's classroom teacher as we near the beginning of the school year. Thank you for taking the time to read this letter. We look forward to meeting you soon and working together to make this a remarkable year for your child.

Sincerely,
The First Grade Team

Deep Springs Elementary
