The County Office of Education establishes our payroll schedules and is responsible for processing all employee payments. Classified employees are paid on the last business day of each month, while Certificated employees are paid on the first day of the month.

For Classified employees, if the scheduled pay date falls on a weekend or holiday, payment is issued on the preceding business day (excluding Saturdays and Sundays). **For Certificated employees, if the first of the month falls on a weekend or holiday, payment is issued on the next business day.**

Under State Education Code, the County may issue Certificated employee payments as late as the fifth day of the month.

Some financial institutions choose to make direct deposit funds available earlier than the official pay date. This is determined solely by the receiving bank upon notification of the incoming transfer from the County's financial institution. While some employees may see funds deposited prior to the first of the month, early availability is not guaranteed. In months when weekends or holidays coincide with the first day of the month, employees with automatic withdrawals scheduled for that date may experience timing challenges if their financial institution has not yet released the deposited funds.
