

KOLTER Cougars Playhouse

FALL 2026 PRODUCTION

Willy Wonka KIDS

Join us on this magic-ticket adventure

program highlights

At our theater, young performers will step into a world of creativity, confidence and collaboration. Whether they love to act, sing, dance or simply be part of a team, each child will have a chance to shine with an end of semester musical production open to the entire Kolter community. **No experience necessary!**

Our program is designed to not only put on a great show, but to help children develop confidence and experience the joy of performing. Each child will:

- Have an opportunity for a solo speaking line and a featured vocal moment (if so desired)
- Receive a thoughtful explanation of why they were selected for their specific role
- Receive personalized feedback at the end of the semester to support future growth
- Learn to create and use track sheets and other rehearsal tools used in theater productions
- 4th and 5th graders will participate in a resume workshop and guidance on preparing for middle school theater opportunities, auditions and productions

details
