8th Grade Supply List
2026-2027 School Year

Dear DMS Families,

Congratulations on the successful completion of another school year! We have included a school supply list to help your child get ready for 8th grade. Please use it as a guide while shopping for supplies. Students will have access to full-size lockers, so they will have plenty of space to store their belongings throughout the school day. If purchasing any of the listed supplies would create a financial hardship for your family, please don't hesitate to contact our 7th and 8th grade school counselor Mr. Eric Guercio, at eguercio@marcellusschools.org.

Have a wonderful summer! We look forward to welcoming our students back in September.

Sincerely,

The 8th Grade Team
