What is a School-Parent Compact?

The School-Parent Compact explains how the school, parents, and students will share responsibility for improved academic achievement. This compact provides ways that the school and families can work together to support student success both at school and at home.

This compact was developed jointly with parents, students, and staff in accordance with Title I / ESSA Section 1116 requirements. Parents are given the opportunity to provide feedback during meetings, surveys, and family engagement activities, and their suggestions are considered when making revisions each school year.
