PepsiCo Internship Offers

We're excited to celebrate our scholars who have been offered internships with PepsiCo. They proudly showcased their acceptance letters, marking an incredible milestone and a testament to their hard work and dedication.

SOUTH OAK CLIFF P-TECH NEWSLETTER

DALLAS ISD

“INTERNSHIP EXPO”

Our P-TECH Counselor was in the trenches at the Dallas ISD Internship Expo, supporting our scholars as they explored opportunities, interviewed with companies, and connected with industry partners. This event gave our students valuable exposure and preparation as they gear up for summer internship placements.

“Celebrating Women’s Herstory Month with Our SOC Faculty”

This month, we proudly celebrate Women’s History Month by honoring the extraordinary women who inspire, teach, and lead across our campus. We recognize the women on our faculty who carry this legacy forward each day through their leadership, mentorship, and passion for education—impacting every classroom, every program, and every opportunity created for our students. We are grateful for the women of our faculty who show up with purpose, lead with heart, and make a lasting difference at South Oak Cliff P-TECH. This month—and always—we honor you.

The National Council of Negro Women, Inc. [NCNW] Greater Trinity Section proudly announces the Dr. Levatta L. Levels Education Scholarship, a program dedicated to expanding educational opportunities and supporting the success of underrepresented students.

Named in honor of Dr. Levatta L. Levels—a distinguished educator who served Dallas County for more than thirty years—the scholarship recognizes her lasting impact on education, her commitment to equity, and her leadership in shaping inclusive policies that broadened access for all students.

This year, two South Oak Cliff P-TECH seniors were selected as scholarship recipients:

Livia Clemons — \$2,500
Diamond Greene — \$2,000

We are grateful to our P-TECH Counselor, Mrs. Miles, for attending the celebration and supporting our scholars. We also extend heartfelt appreciation to Dr. Levels for providing such a meaningful opportunity for our students.
