Superintendent Dr. John Derek Faulconer

**Dear Nicholas County Families and Community,**

As we prepare to welcome our students back for another exciting school year, the Nicholas County Board of Education remains committed to supporting our families while ensuring every child has the resources they need to be successful. We recognize that back-to-school expenses can place a financial strain on many households. School supplies, clothing, and other necessities add up quickly, and we are always looking for meaningful ways to lessen that burden.

With that in mind, the Nicholas County Board of Education is pleased to announce that we will be providing **tissues, sanitizing wipes, and paper towels** to NCES to begin this school year. By purchasing these items at the district level, we are able to reduce the number of supplies families are asked to purchase while ensuring our classrooms remain clean, healthy, and well-equipped for learning.

In addition, Nicholas County Elementary School will be purchasing several of the most commonly requested classroom supplies, including pencils, glue sticks, crayons or colored pencils, and composition notebooks. These efforts allow us to significantly reduce school supply lists, with the goal of keeping the cost of required supplies to **under \$20 per student**.

This initiative reflects our belief that every dollar saved makes a difference for our families. We hope these changes help ease the financial demands of preparing for a new school year and demonstrate our commitment to being good stewards of district resources while investing in what matters most—our students.

The Nicholas County Board of Education is proud to partner with our schools, staff, families, and community to create an environment where every child has the opportunity to learn, grow, and thrive. We appreciate the trust you place in us and look forward to another outstanding year of serving the students of Nicholas County.

Thank you for your continued support of Nicholas County Schools. Together, we will make this a successful and memorable school year.

Sincerely,

**Dr. John Derek Faulconer**  
Superintendent  
Nicholas County Schools
