Student Injuries and Insurance – 2026 - 2027 School Year

Dear Parent:

The Ventura Unified School District (VUSD) takes appropriate steps to protect your child from injuries. Even so, accidents can and do happen while participating in activities that take place on campus, on school trips and during extra-curricular activities and sports. VUSD and your child's school does not provide medical insurance coverage for school accidents. This means that you are responsible for the medical bills if your child gets hurt during school activities.

Since VUSD does not provide medical insurance for school related injuries, it makes available through the plan administrator, Pacific Educators Insurance Services, a variety of insurance plans in the event of an accident. Many coverage options are available. There are plans available for football accidents, full time 24/7 accident plans and coverage for school time injuries. There are also dental and pharmacy card options available.

All Plans Are A **ONE TIME ANNUAL** Payment
