LOCKER ASSIGNMENTS – HIGH SCHOOL

Lockers are assigned to high school learners that request access to one. Learners are to use only their assigned locker.

All lockers will be equipped with a combination padlock that is loaned by the school. Lockers should be kept locked and in orderly condition. Learners are responsible for their books and personal items at all times. Lost or stolen locks will be paid for by the learner to whom the lock has been loaned. The locker and the lock are the property of West Fargo Public Schools.

School administrators reserve the right to search lockers when it is reasonable to assume that the locker contains items or articles that may constitute a hazard to learners. Such searches may be made with the assistance of law enforcement agencies.

SIGNS AND LOCKER POSTERS

Learner signs or locker posters are only allowed if related to an extra or co-curricular activity. Administrative approval is required.
