

August 2026

Welcome to Bannon Creek School!

At Bannon Creek, we believe every student deserves a safe, supportive, and engaging learning environment where they can thrive academically, socially, and emotionally. We are proud to serve students in Transitional Kindergarten through 8th grade and are committed to helping each child reach their full potential.

Our work is guided by our schoolwide PBIS expectations: **WORK: Work Safely, Own Your Actions, Respect Others, and Keep Learning.** These values help create a positive school culture where students are empowered to take responsibility for their learning, build meaningful relationships, and contribute positively to our school community.

The key focus at Bannon Creek is literacy. We believe strong literacy skills open doors to success in every subject area and throughout life. As a school, we are committed to strengthening reading, writing, speaking, and critical thinking skills across all grade levels and content areas. Through high-quality instruction, targeted intervention, and ongoing support, we strive to ensure all students develop the skills they need to become confident learners.

We also recognize that strong schools are built through strong partnerships. Families are an essential part of the educational process, and we value the collaboration between home and school. We are committed to maintaining open communication, providing meaningful opportunities for family involvement, and working together to support student success. We are excited to continue growing family engagement through our PTA and other school events and activities throughout the year.

At Bannon Creek, we are continuously working to improve our systems, strengthen our instructional practices, and create the best possible learning experience for students. Our dedicated staff is committed to fostering a culture of continuous growth, collaboration, and excellence in service of our students and families.

Thank you for being part of the Bannon Creek community. We look forward to partnering with you as we continue to learn, grow, and achieve together.

Warmly,

Colleen Perry
