

Setting Up a Journal Alert in Gale Databases

You can set up an e-mail alert to automatically notify you each time a new issue of a selected journal title indexed in a Gale database is available.

1. Select a [Gale database](#) (i.e., noted in the name of the database on the databases page). Choose a subject area first (e.g., “General/All Subjects,” “Fashion,” “Business and Management.”).

2. Select “Advanced Search.”

3. Then select “Publication Search.”

6. Select the journal title.

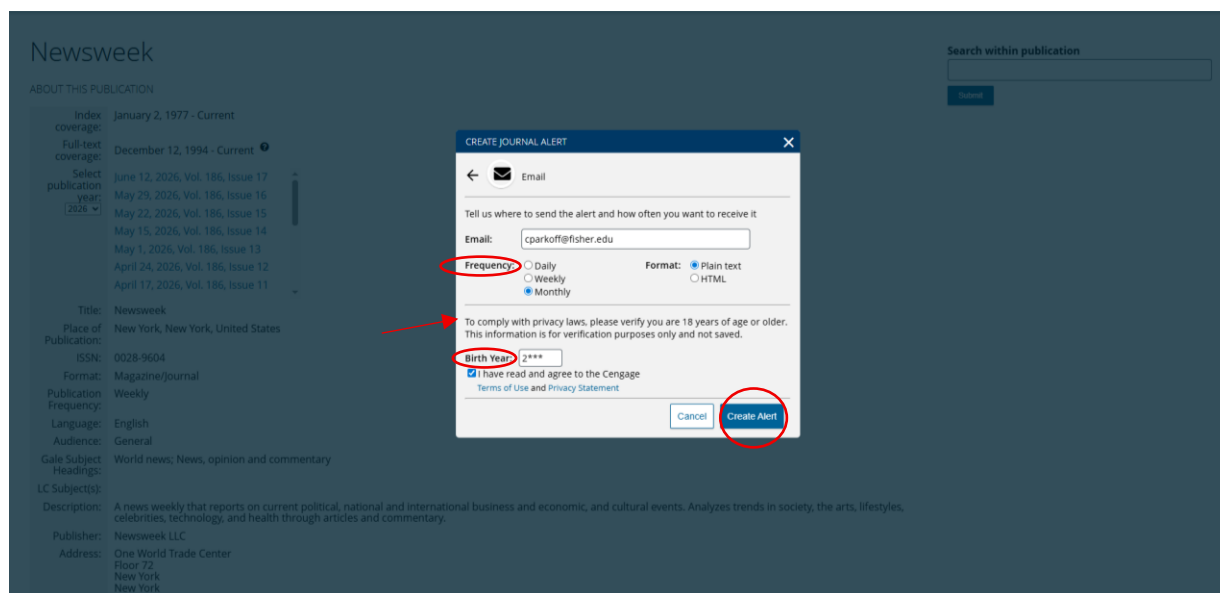

7. Select "Create Journal Alert" at the top of the screen.

8. Select "Email."

9. Enter an email address, select the frequency of the alert, and enter a birth year to confirm that you are 18 years or older. Then select "Create Alert."

If you have any questions (or need your Library barcode), e-mail the Librarians at library@fisher.edu or call at (617) 236-8875.
