

Setting Up a Journal Alert in ProQuest

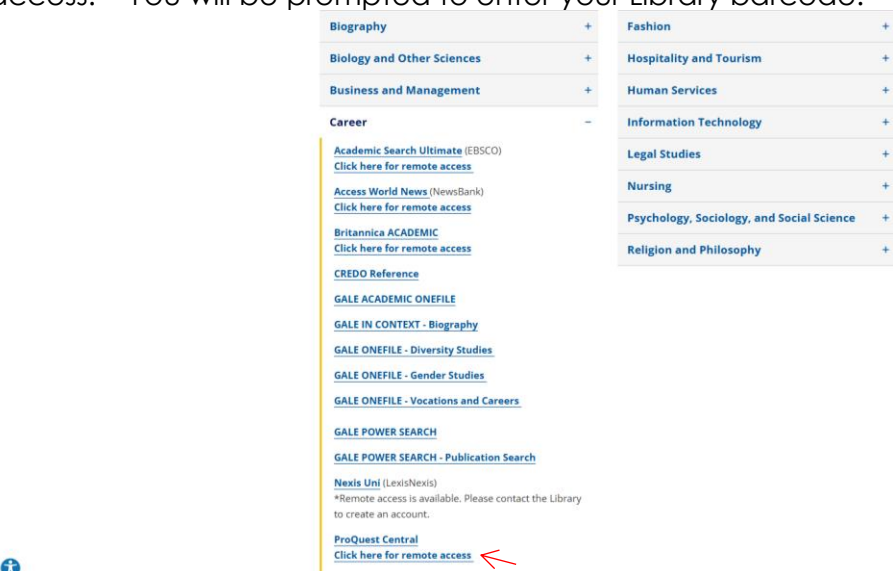

You can set up an e-mail alert to automatically notify you each time a new issue of a journal, magazine, or newspaper that is indexed in ProQuest Central becomes available.

To set up a journal alert:

1. [Select a ProQuest database](#) (i.e., noted in the name of the database on the databases page). Choose a subject area first (e.g., "General/All Subjects," "Fashion," "Business and Management").

2. If you are off-campus (or using a laptop on-campus), select "Click here for remote access." You will be prompted to enter your Library barcode.

ProQuest

Barcode Required

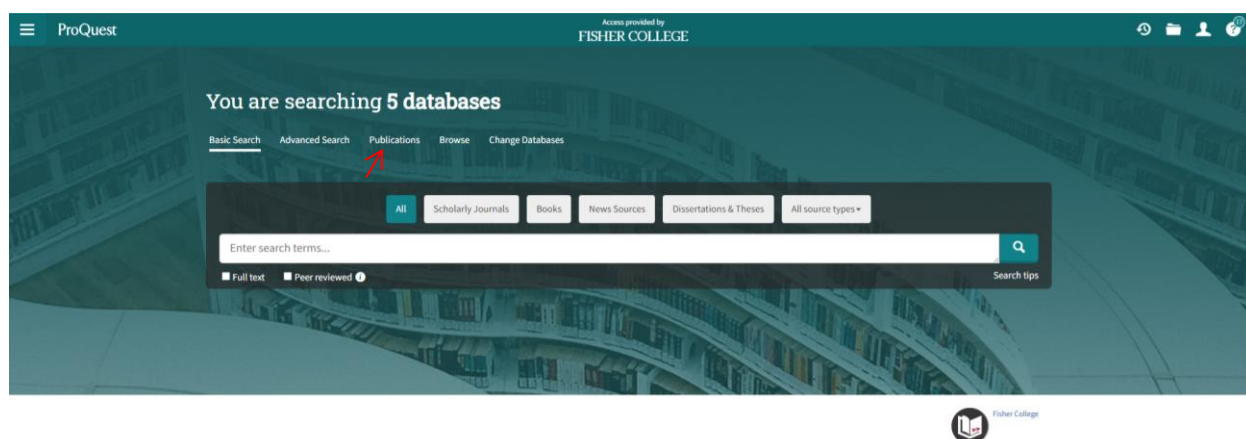

To access ProQuest, please enter the barcode or other ID that was assigned to you by your institution.

If you do not have a barcode or ID, please consult with your institution for more information on obtaining one. Alternatively, you may [log in to ProQuest](#) using your account or connect through your library or institution.

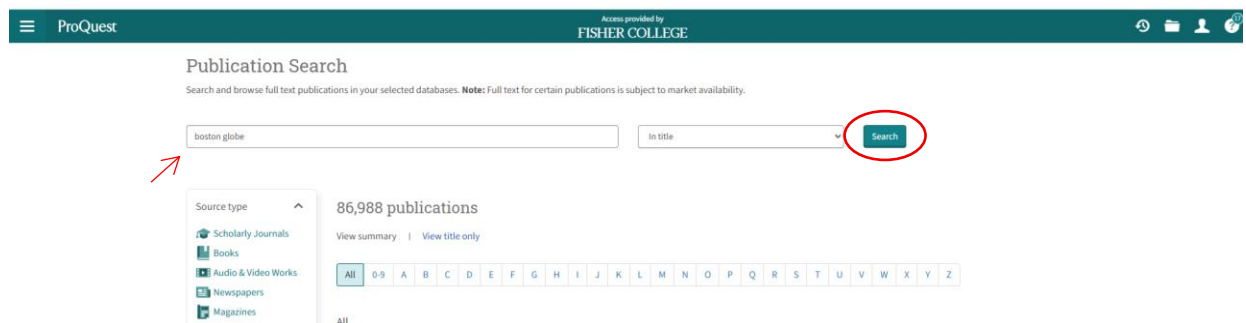

Barcode:

[Log in](#)

3. Click the “Publications” link above the search box.

4. To locate a publication, enter the title of a journal, magazine, or newspaper in the search box and click “Search.”

5. If you are interested in viewing journal articles in full-text, make sure to choose titles that read “Full text available.” Select the title you want.
