Bentonville Schools - Health Services

Date:

Dear Parent / Guardian of: _____

Your student will need to meet the following immunization requirements for the **2025-2026** school year.

Scheduling an immunization appointment now or as soon as possible, is encouraged in order to avoid difficulty obtaining an appointment in the fall.

Please make sure you receive documentation of the immunizations given and provide a copy of your student's immunization record to your School Nurse or Registrar.

The indicated requirement is due by 10/01/2025, unless otherwise indicated below.

Failure to meet immunization requirements by the due date will result in student medical exclusion from school.

If you have any questions, please contact the Benton County Health Office (479) 986-1300, your child's health care provider, or the school nurse.

Thank you for your prompt attention to this matter,
