This information is being published to comply with the requirements of 40 CFR 763 Subpart E asbestos containing materials in schools. This regulation, commonly known as the "AHERA" rule, requires local education agencies, such as this one, to perform certain tasks in regards to the presence and control of asbestos containing materials in the buildings under the jurisdiction of the local education agency.

These include but are not limited to:

- 1) Developing an asbestos management plan, which is designed to outline procedures and guidelines for the inspection, re-inspection and periodic surveillance of asbestos containing materials that are present in the buildings?
- 2) Provide awareness training and additional training to selected school employees. 3) Periodically notify all workers and occupants, or their local guardians, parent- teacher organizations, and collective bargaining organizations of the availability of asbestos management plans, the location of same and the times that the plans may be reviewed.

This notification is to advise all patrons, occupants, or their legal guardians, and parent-teachers organizations, that the asbestos management plans required under this act are available for review upon request. A copy of the plans for all buildings under the jurisdiction of this local education agency are available in the administration building, which is located at 90 Bell Road, Wright City, Missouri 63390; telephone number 636-745-7200. Plans for individual schools and other buildings are located in the administration office of each building. The plans can be viewed by any person during normal business hours of the particular school. Interested parties wishing to inquire about the hours and times that the plans are available should call the above number.

At this time, the management plans can provide information regarding inspections, response actions, and post-response action activities, including periodic re-inspection and surveillance activities that are planned or in progress. Inquiries regarding any facet of the regulation or the management plans should be directed to Matt Abernathy at 636-745-7200, Extension 14949 during regular business hours.

Detailed reports have become part of each school's asbestos management plan and may be reviewed in the school office.

The Wright City R-II School District had the required periodic surveillance conducted from August 2024 thru August 2025, and the 3-year reinspection completed on August 1, 2025.
