Construction Update #17

July 8, 2026

Rebuild & Enlarge Construction Timeline: April 2025-December 2026

We are excited to announce that the turf field has begun final grade and will be ready for turf soon! The new bus loop construction is beginning this week and the trailers will be moving to the east side of the site. Earlier this month, Lydig invited students to an ice cream event to celebrate summer! The bridge decking connecting the library to the 2nd floor has been installed and on the roof, solar panels are in place on the east side of the building. Classrooms are beginning to take shape with the new additions of whiteboards and carpet!
