

Guiding Principles of GenAI Use

The following principles guide the appropriate and safe use of GenAI and address current and future educational goals, teacher and student agency, academic integrity, and security. We commit to adopting internal procedures for each principle.

1 WE USE GENAI TO HELP ALL OF OUR STUDENTS ACHIEVE THEIR EDUCATIONAL GOALS.

We will use GenAI to improve student learning, teacher effectiveness, and school operations.

We aim to make GenAI resources universally accessible.

We are committed to evaluating GenAI tools to ensure they effectively serve our diverse educational community.

2 WE REAFFIRM ADHERENCE TO EXISTING POLICIES AND REGULATIONS.

We will thoroughly evaluate technologies for approval to ensure they align with our existing and future policies on acceptable use and internet safety.

3 WE EDUCATE OUR STAFF AND STUDENTS ABOUT GENAI.

Students and staff will be given support to develop their GenAI literacy, which includes how to use GenAI, when to use it, and how it works, including foundational concepts of computer science and other disciplines.

We will create professional development opportunities to support teachers in the use and management of GenAI tools in the classroom.

4 WE EXPLORE THE OPPORTUNITIES OF GENAI AND ADDRESS THE RISKS.

We will work to realize the benefits of GenAI in education, address risks associated with using GenAI, and evaluate if and when to use GenAI tools, paying special attention to misinformation and bias.

5 WE USE GENAI TO ADVANCE ACADEMIC INTEGRITY.

- ♥ HONESTY
- 👥 TRUST
- ⚖️ FAIRNESS
- 👐 RESPECT
- ✓ RESPONSIBILITY

Honesty, trust, fairness, respect, and responsibility continue to be expectations for our school community.

Students, teachers, administrators, and district personnel will be given guidance on how to appropriately give credit to GenAI sources and tools.

6 WE COMMIT TO AUDITING, MONITORING, AND EVALUATING OUR DISTRICT'S USE OF GENAI.

Learn Platform

Understanding that GenAI and technologies are evolving rapidly, we commit to frequent and regular reviews and updates of our policies, procedures, and practices.

We will use Learn Platform to communicate approved GenAI tools for teachers and students.

TOGETHER, WE WILL USE GENAI **RESPONSIBLY** TO INSPIRE LEARNING, SUPPORT EDUCATORS, AND PREPARE STUDENTS FOR THE FUTURE.
