**Welcome to the Yellow Jacket family!**

During this event, students and parents will participate in a campus-wide tour, walk their student's schedule, and meet other new-to-Irmo students and families as they begin their journey toward on-time graduation.

While students explore and learn about their new campus, parents will have the opportunity to attend an informative session designed to provide important information and answer questions.

Don't miss this chance to get connected, feel prepared, and start the school year strong!
