II. Student Statement of Understanding

I understand that because I have passed two years of a JROTC Program, I will not be required to take the state required 1 credit of physical education, Health Opportunities through Physical Education (HOPE) and the required 1 credit of fine arts which would otherwise be necessary for graduation.

I understand the JROTC participation does not prevent me from taking physical education and fine arts courses, and I may elect to take any physical education or fine arts courses as credit courses.

I have also read and understand all related items on the reverse side of this form.

Graduation Requirements: The granting of this request does not affect the number of credits required for graduation. The student must replace the HOPE and fine arts courses with electives to meet the 24 credits required for high school graduation. If approved, the student will have an entry on their record showing: (year 1 waiver #1500450, year 2 wavier #1500460).
