

Multnomah Education Service District

HEALTHY AND SAFE SCHOOLS PLAN

In 2017, the Oregon State Legislature passed SB 1062, which requires that, every school district, education service district, and public charter school develop a Healthy and Safe Schools Plan (HASS Plan). Each organization's HASS Plan has specific requirements that must be included for the HASS Plan to comply with state law. All HASS Plans are due to the Oregon Department of Education by July 1, 2019. Additionally, each school district, education service district, and public charter school is required to certify annually that the organization continues to comply with the requirements of the HASS Plan by filing an Annual Statement. The following plan was developed by Multnomah ESD to meet these requirements.

Lead Paint

In order to comply with the United States Environmental Protection Agency's Renovation, Repair and Painting Program Rule, MESD will either use staff that are certified to perform lead based paint renovation work or contract with certified lead based paint renovation contractors licensed by the Oregon Construction Contractors Board.

Asbestos

Multnomah ESD leases three school buildings subject to the Asbestos Hazard Emergency Response Act (AHERA). Parkrose School District is the LEA Designate for Knott Creek, Helensview, and Wheatley schools. All required asbestos management plans are available for viewing by submitting a request to Parkrose School District. MESD can provide copies of the plans upon request.

Radon

Multnomah ESD has developed a radon plan as required by ORS 332.345. Community members can access a copy of the radon plan at the MESD [Radon Information Page](#). Test results will be made public and are available [here](#).

Integrated Pest Management

Multnomah ESD has adopted an Integrated Pest Management (IPM) plan into board policy as required by ORS 634.700 through 634.750. Community members can access a copy of the IPM plan posted here: [MESD Healthy Schools webpage](#), [MESD Board Policy EBB](#).

Carbon Monoxide Detectors

Multnomah ESD certifies that all buildings subject to the Healthy and Safe Schools Plan comply with the carbon monoxide detection standards in the state building code that was in effect when the building was originally constructed or as required by building code due to addition, upgrade, or remodel.

Test Results Publication

Multnomah ESD is complying with the requirement to provide access to test results, as defined by OAR 581-022-2223 within 10 business days as defined by ORS 332.334. Test results can be found at the [MESD website](#).

Additionally, copies of all test results are available in the Facility Services Office in the Ainsworth Building. MESD will also use current district email lists or communications programs to provide final test results to staff, students, parents of minor students, and other members of their community. This includes providing actual final test results or providing direct access to final test results through links in the communications. Please contact District Office Staff to be added to current district email lists and programs.
