

Lakeview School District

1. What was the total amount of the district's Section 31a allocation for the 2025-26 school year?

\$3,890,188.71

2. Describe the district's methodology and decision-making for distributing Section 31a At-risk grant funds to target the buildings with the highest needs.

The district has a written process for identifying students who need Tier 3 academic or behavior support within our Multi-Tiered System of Support (MTSS). Each building has an MTSS team that regularly collects data on individual students, identifies students for intervention using established entrance criteria, tracks student progress toward identified goals, and releases students based on exit criteria. Although Section 31a funds support this system in all K-12 buildings, the district targets the highest percentage of funding at the elementary level in order to close achievement gaps early on.

3. What evidence-based interventions and services were implemented with the Section 31a At-risk grant funds during the 2025-26 grant cycle?

Academic Intervention in Reading and Math
