CAFETERIA: 27

A 3D perspective rendering of a cafeteria interior. The room features a large, curved blue vinyl booth on the left side. Various tables are arranged throughout the space, including round tables with popcorn chairs, rectangular backless benches, and large oval and ellipse folding tables. The room has a light-colored floor and white walls.

A detailed floor plan diagram of the cafeteria. The plan shows the layout of tables and chairs, including a curved booth area. Key dimensions and labels include: "351 SQ. FT." for the main area, "seating for 112", "27" for a specific table dimension, "2,537 SQ. FT." for a larger area, and "SE" for a section. The plan also shows a "G. M. A. J. M." area.
