Professional Development Plan (PDP)

TEACHER EXCELLENCE INITIATIVE

All teachers evaluated under TEI are required to complete an individualized Professional Development Plan (PDP). In addition to the District-required back to school professional learning (14 hours), teachers are encouraged to self-reflect and select learning opportunities that support professional growth and ensure attainment of the Student Learning Objective in the 2024-25 school year.

Using prior year summative data, please select two (2) areas of focus from the Teacher Performance Rubric and outline professional learning opportunities that will support this focus area. One PD goal must align to an Indicator in Domain 2 of the performance rubric. The other can be aligned to any Indicator within any domain that the teacher selects.
