Here @ CHS we have an ever expanding list of ways students can get a jump start on their post high school education

1. **AP courses-** these are courses taught at CHS by our staff. They are advanced in content and pacing and in the spring the students are given the opportunity to take the AP exams to earn college credit (roughly \$90 for 3 credits)
2. **Dual Credit-** These are courses also taught at CHS by our staff. They are made possible by a partnership with Helena College. The students can choose to enroll in these courses and gain credit both from us and Helena College. The credits transfer without any issues to any Montana Public College (roughly 150 for 3 credits) Students must be 16 and have certain Compass Test or ACT scores to qualify for the college credit

It's No Longer K-12

- The research is showing that students will now need some sort of education beyond high school
- This doesn't mean every student needs to go to a 4 year college, But
- It does mean some sort of education post high school
- A certification, apprenticeship, military duty, 2 year associates, just some training that shows your drive and determination to better yourself and get yourself ready for the career of choice
