Helena College Dual Credit Process

The CHS Counseling Department presented dual credit opportunities to all juniors last February. At that time we asked all students who were requesting a dual credit course to fill out a free Helena College School Application.

On September 4th, we presented again on dual credit and offered class sign ups, those who didn't fill out the applications in Feb. were given a second opportunity to also apply to Helena College for free.

Helena College representatives were at CHS on September 13th and processed all the applications that day.

Bills should have arrived already and they would like to have them paid by the end of September. If you cannot pay the full bill, please contact Helena College and they should be able to work out a payment plan for you.

The cost is 51.63 per credit, so a 3 credit course would be \$154.89

Carroll College Dual Credit Requirements

1. Completed ACE application with student, parent/guardian and high school official signatures.
2. Official high school transcripts - a minimum cumulative GPA of 3.25 is required for consideration.
3. A copy of the student's immunization records if the student will be attending classes on Carroll's campus

ACE course credits earned with a passing grade will be applicable to a degree program at Carroll College.

Tuition for ACE courses is \$100 per Semester credit.

You will also be assessed a \$60.00 technology fee plus any applicable course (e.g. lab) fees. Lab fees vary per class, and can be found on our web-site on the list of courses.

These applications were given out on September 5th and ones returned to the counseling office were mailed to Carroll on September 11th.

AP Courses

Graduation

To Walk with your class you must be within 5.5 Credits at the end of your 7th Semester

Graduation will take place

Saturday, June

2nd

@Carroll College

2 pm

Its no longer k-12, its k-14

A diploma is not enough.....

Graduates with an associates degree enjoy an average of **\$145 more per week** than full-time wage and salary workers holding a high school diploma.

<http://www.guidetocareereducation.com/articles/getting-started/education-degrees>

U.S. Census Bureau data proving the substantial value of a college education in the United States. Workers 18 and over sporting bachelors degrees earn an average of \$51,206 a year, while those with a high school diploma earn \$27,915. But wait, there's more. Workers with an advanced degree make an average of \$74,602, and those without a high school diploma average \$18,734.

<http://usgovinfo.about.com/od/censusandstatistics/a/collegepays.htm>

Data on Higher Ed Earnings

Earnings and unemployment rates by educational attainment, 2015

Note: Data are for persons age 25 and over. Earnings are for full-time wage and salary workers.

Source: U.S. Bureau of Labor Statistics, Current Population Survey

Montana University System (MUS)

To be enrolled in a 4yr. Montana Public University you must have 1 of the following

2.5 GPA or

Rank in top $\frac{1}{2}$ of class or

Test scores

•MSUB, MSU, UM, Tech, Western ACT 22

•MSUN ACT 20

And

College Prep curriculum

Rigorous Core = 3 years of math through Algebra II, an additional lab science, 3 years of concentrated electives

(http://mus.edu/Prepare/Pay/Scholarships/MUS_Honor_Scholarship.asp)

MUS PROFICIENCY STANDARDS

MATH PROFICIENCY

ACT 22 or SAT 27
.5 Math subtest or

3 or above on AP Calc or

Grades of C or higher in 4 yrs HS
Math (beginning with Algebra I)

WRITING PROFICIENCY

ACT ELA Score if 18 or

ACT Writing score of 19 or

SAT writing and language
score of 25

* If you do not meet these you will be offered a provincial admission

-We are hearing that the MUS system schools are encouraging students who are not meeting the benchmarks in either math or English are being asked to retake the ACT exam before they discuss remediation

Rigorous Core College Prep Program

The *rigorous core* is an alternative to the Regents' college prep program. Students who successfully complete the rigorous core are eligible for the MUS Honors Scholarship.

In addition to the Regents' college prep courses required for entrance to 4-year universities, the rigorous core adds one additional year of math (4 yrs.), science (3 yrs.), and college-prep electives (3 yrs.).

Provisional Admission

Students who do not meet the writing and math proficiency standards are admitted to 4-year universities on a provisional basis.

Students who are provisionally admitted can gain full admittance by

- earning a "C" or better in developmental course work (must be done within the first three semesters); or
- earning the required score on one or more of the math or writing assessment tests, including the ACT or SAT, required for admissions; or
- completing an associate of arts or associate of science degree; or
- submitting a letter to the admissions office documenting a disability that prevented the student from adequately demonstrating proficiency in a test setting if no accommodation was provided at the time of the test.

Montana University System Admission Standards

Entrance Requirements

In order to be fully admitted to a 4-year university in the MUS, entering high school graduates are required to meet the following standards:

- **Complete the Regents' college preparatory program:** mathematics (3 years), English (4 years), science (2 years), social studies (3 years), and electives (2 years) – includes languages, computer science, visual/performing arts, speech, or vocational education.
- **Demonstrate Mathematics Proficiency:** earn an ACT math score of 22, SAT math test score of 27.5, or complete the Rigorous Core.
- **Demonstrate Writing Proficiency:** earn an ACT ELA score of 18 (average of the English, reading, and writing scores) or score 19 on the ACT essay; or earn an SAT writing and language test score of 25 or higher.
- **Achieve one of the following requirements:**
 1. Earn at least a 2.5 high school GPA; or
 2. Rank in the top half of the school's graduating class; or
 3. Earn an ACT composite score of 22 or higher, or SAT total score of 1120 or higher (except MSU-Northern: ACT score of 20, SAT score of 1050).

Provisional Admission

Students who do not demonstrate the ability to meet the mathematics and/or writing proficiency standards may be admitted provisionally to a four-year degree program on any campus of the MUS and without condition to a two year degree program.

Exemptions

Entrance requirements do NOT apply to the following groups:

- Non-traditional students (those who do not enter college for a period of at least three years following high school graduation);
- Summer-only students; and
- Part-time students taking seven or fewer credits per semester.

In addition, institutions may exempt up to 15% of first-time, full-time undergraduates from the entrance requirements listed above. This exemption is reserved for students with special talents, minorities, and others who demonstrate special needs.

Open Admission

Two-year colleges in the MUS offer open admissions that do not require the academic standards listed above. However, certain programs within the college (such as nursing) may have admission standards.

A high school degree or GED is required for admission to all degree programs.

ACT BENCHMARK DATA

ACT College Readiness Benchmarks		
College Course	ACT Subject Area Test	ACT Benchmark
College Writing	English	18
College Algebra	Math	22
Social Sciences	Reading	22
Biology	Science	23

ACT Data shows that students who meet or exceed these benchmarks have a 50% chance to get a B in their college course and a 75% chance to pass with a C (must obtain a C in college courses to be awarded credit)

Provisional Admission

Provisional admission is granted to students scoring 18-21 on ACT and 440-510 on SAT mathematics tests. A 5-6 on ACT or SAT essays is also accepted.

Students who don't meet the writing and math proficiency standards are admitted to 4-year universities on a provisional basis. Students who are provisionally admitted can gain full admittance by:

- *Earning a "C" or better in developmental courses preparing students for college level course work (must be done within the first three semesters);
or

- *Earning satisfactory scores on individual campus math placement exams;

or

- *Completion of an associate of arts or associate of science degree.

Private Colleges

Private colleges can also be a viable option over traditional 4 year public colleges.

While many of them have higher tuition rates, they also often offer many more scholarship opportunities that can often make them a better financial decision.

Additionally they are often smaller, which allows students to have more time with professors and not TA's, so as far as bang for your buck, you get more experts teaching your children.

We have 3 wonderful Private colleges in Montana, Rocky Mountain College, University of Providence Great Falls, and our own Carroll College, which is typically ranked as the #1 best college in the west and #2 in best value by US News.

Other Options- 2 Yr. Schools to start

Open Admission

Two-year colleges in the MUS offer open admissions that do not require the academic standards listed above. However, certain programs (such as nursing) have admission standards.

A high school degree or GED is required for admission to all degree programs.

Helena College

No longer the Vo-Tech

Helena College offers students a great way to get a jump start on their college education at an affordable price.

\$6,500 per year vs. (\$17,400 UM), (\$18,660 MSU), (\$43,473 Carroll)

They offer several Pre- Professional programs that can allow students to get a look at what they want to do in a smaller class environment

Pre-Pharmacy, Pre-Criminology, Associates of Arts Transfer,
Associate of Science Transfer, AS- Registered Nursing

They also offer several 2 year programs that have a higher return in investment than several 4 year programs.

College Athletics

NAIA Athletes

www.playnaia.org

NCAA Athletes

www.ncaaeligibilitycenter.org

Out of State Colleges

- Each out of state institution has different admission requirements and prices.
- We can help your student research various schools and career cruising offers a handy school comparison tool that allows you to compare 3 schools at a time
- If you are planning on going out of state in the western US, we recommend checking into the WICHE Western undergraduate exchange program.
 - It allows students to attend an out of state program for 150% of instate tuition (usual \$10,000 or more less then the out of state tuition)
 - Check out <http://www.wiche.edu/wue> for more information

Many out of state schools require different high school course work requirements, for example 2 years of a foreign language. Make sure you check that before you apply!

College Visits/ Recruiters

Each CHS Student is allowed 2 excused absences of college visits each year

1. Parent excuse student prior to absence.
2. Obtain written verification from college official and give to CHS attendance. Absence will be changed to School Related.

College Reps are also visiting CHS often in the Career Center

1. Listen to the announcements, check the facebook/twitter pages or the board outside the career center or check--
<http://chs.helenaschools.org/departments/college-career-center/collegemilitary-recruiter-visits/>
2. Sign-up ahead of time in counseling office.
3. Counseling office will send pass to attend.

CHS COLLEGE APPLICATION WEEK

November 6-10th

MUS institutions have agreed to DEFER the fee for ONE application during College Application Week. Campuses may also waive the application fee for low income students at the time of enrollment.

The CHS Counseling Department will be working with Seniors in their English 4 courses during the week to talk about application essays, the application process and submitting the free application to the MUS institution of choice.

Scholarships

There are thousands of scholarships out there for your students to apply for, some ranging from several hundreds to several thousands of dollars

Don't just focus on the full ride scholarships, some of the smaller ones are easier to get and can add up quickly

Mrs. Troianos in the career center can help you find scholarships that fit your needs

Also keep up with the website or facebook pages. Our career center website lists scholarships by deadline date.

Career Cruising also links you to over 2,000 national scholarships

You don't need to have a 4.0 or make no money to qualify, there are scholarships for each and everyone of you

CHS Career Center Open Houses

On the 1st Wednesday of every month the Career Center is open from 5-7 PM (the first one is October, 4th)

Mrs. Troianos is available to answer questions about scholarships, jobs, careers, ect.

A great way to come in with your student to explore all the options available to them

FSA ID Help

Marty Johnson from Reach Higher Montana will be in our Career Center on

October 6th at 11

October 9th at 130

She will be available to help students create the FSA ID's which are needed to complete the FAFSA. You can also come in at that time if you need assistance.

FAFSA WORKSHOP

The HHS and CHS Counseling Departments will be hosting a FAFSA Workshop, with help from Carroll College, Helena College, and Reach Higher Montana

November 8th @ 5-7 HHS
Computer Lab

Bring your tax documents and get help from FAFSA professionals filling out the forms.
Great help for first timers!

CHS Senior Awards Night

April 30th @ 6:30 in CHS Auditorium

Please contact Mrs. Troianos or your child's counselor if they are awarded a special scholarship or award that you would like recognized

We will send out a reminder in the Spring to get info to us

If we don't know about it we can't recognize it

Other information

Josten's Rep

(if you need to order cap/gown, announcements, ect)

Travis Belcher
