Welcome to Watertown–Mayer Fall Community Education!

Dear Watertown-Mayer families and community members,

This season, we are pleased to offer programs and opportunities for all ages — from early childhood and youth enrichment to recreation, aquatics, adult learning, senior programming, and facility use.

Community Education continues to focus on connection, access, lifelong learning, and service to our community. Thank you to our families, staff, instructors, volunteers, and community partners for helping make these opportunities possible.

We invite you to explore our fall offerings and join us this season.

Sincerely, Tim Dalton
Director of Community Education

Early Childhood Family Education-ECFE

A unique parent-child education program for all families with children ages birth to kindergarten

Classes are fun and affordable for families offering both daytime and evening classes. ECFE is a great place to meet other families with children the same age. Spend quality time with your children and receive parent support and information.

WHY TAKE AN ECFE CLASS?

Learning Together

In the children's classroom, parents and children have time to play and learn together. You can choose from many planned activities designed just for you and your child. Learn new ideas for activities to do at home. This time together is planned by a licensed early childhood teacher.

Purposeful Play for Children

Children enjoy learning activities planned by a licensed early childhood teacher. Activities are designed for children to learn through play with their peers. The goal is to help children develop a healthy self-concept and a love for learning.

Connecting With Others

While children are learning with their teachers, parents join together in an informal group setting for a discussion time led by a parent educator. The group discusses current family topics, share ideas, learn more about their child's development, and benefit from feeling connected to parents.

ECFE OFFERS...

- ◆ Fun, affordable classes for families with children birth to five years old
- ◆ Daytime and evening classes
- ◆ Quality time with your child
- ◆ A great place to meet other families with children the same age
- ◆ Parent support and information
- ◆ Fun learning activities for your child
- ◆ Lasting friendships

Free Family Events **For all ages** **Sponsored by Early Childhood Advisory Council**

ECFE Open House and Vehicle Fair

Welcome back to a new school year! Bring your friends to explore your favorite vehicles, check out the ECFE classrooms, and meet the early childhood staff. Fun for the whole family! Parents are responsible for their own child's supervision. In case of bad weather, the Vehicle Fair will be canceled but the ECFE classrooms will be open!

Young Royals Preschool

For children ages 3–5 years

A Great Start for Kindergarten Success

Discover a place where children are excited to wonder, create, learn, and grow. At Young Royals Preschool, a love of learning is sparked through hands-on exploration, songs, stories, movement, and play. Our research-informed program builds social-emotional skills, early literacy and math, language, and motor development. As part of Watertown-Mayer Public Schools, Young Royals Preschool offers a warm first school experience and a smooth transition to kindergarten.

Why Families Choose Young Royals Preschool

- ◆ **Individualized Learning & Inclusion:** We get to know each child and tailor instruction so every learner is engaged, supported, and challenged.
- ◆ **Learning Through Play:** Play-based, hands-on experiences help children explore, problem-solve, and build confidence.
- ◆ **Licensed Teachers & Caring Staff:** Our licensed Early Childhood teachers and staff bring expertise, warmth, and a love of children to every classroom.
- ◆ **Engaging Classrooms & Environments:** Bright, welcoming classrooms include centers for dramatic play, art, building, sensory exploration, literacy, and quiet time.
- ◆ **Connected to Watertown-Mayer Schools:** As part of Watertown-Mayer Public Schools, we partner closely with elementary staff to support a seamless bridge to kindergarten.
- ◆ **Family Partnerships:** We partner with families through conferences, regular communication, and resources to support learning at home.
- ◆ **Flexible Program Options:** Morning, afternoon, and full-day options are available for 3- and 4-year-olds to fit your family's schedule.
- ◆ **School Readiness & Support:** Our program is aligned with Minnesota Early Learning Standards and uses ongoing observation and assessment to guide instruction and support each child's growth.

Water Exercise Class **Adults 18+**

This is an interval-based workout that will combine basic water weights and noodles for strength building, mixed with cardio moves to elevate the heart rate and burn fat. The class fits anyone's fitness level, beginner to advanced. You pick the intensity of the workout that best fits your level. You can tone up and burn fat faster with water exercise, because the water provides a resistance that is up to 12 times that of floor exercise. It's also much easier on the joints because there's very little impact. Pick as many classes that fit into your schedule and come out for some good, clean fun and burn up to 525 calories during one class.

The GED® in Minnesota

To get started: Register online at ged.com or contact your local Adult Basic Education (ABE) program. See box below for a program near you. Staff at each ABE program will be able to walk you through the registration process and also provide resources and classes to prepare for taking the test.

The Test in Minnesota Individuals who do not have a high school diploma may be able to earn a state of Minnesota GED® Diploma by passing the GED test. The four tests in the GED battery measure academic competencies similar to many of those required of a Minnesota high school graduate.

Eligibility If you are 19 years old, do not already have a recognized and documented high school diploma and are not currently enrolled in high school, you are eligible to take the GED® in Minnesota without an age waiver. If you are 17 or 18 years old and are not currently enrolled in high school, you must apply for an age waiver before testing. An ABE teacher can assist you with the process.

Once you Pass All the Tests in the GED The Minnesota Department of Education (MDE) will receive your information from GED Testing Service and print you an official diploma and transcript which will be mailed via U.S. Mail to your address that you have listed in ged.com.

Warning Regarding Misleading GED® Claims The state of Minnesota GED® Diploma cannot be earned or obtained on the Internet or through correspondence programs. The Tests of General Educational Development developed by the GED Testing Service® often require extensive preparation. Tests are administered only under the direction of Pearson VUE® and the GED Testing Service. Any other GED diploma not issued by the Minnesota Department of Education may not be accepted by employers, colleges and universities or the military.

Oola Workshop

Finding Balance in an Unbalanced World

You're tired, and you can't remember the last time you felt truly energized. Money stress follows you everywhere. You love the people in your life, but something feels disconnected. Work feels purposeless. You believe in something bigger, but life keeps pulling you further from it. You're surrounded by people, but deep down, you're lonely. You're so busy building a life that you forgot to actually enjoy it.

Are you done feeling stuck and off balance? Start living your life on purpose. It is not a secret, it's a system.

In four weeks, you will create a plan for your life that works. Acknowledge every forward moving step.

Be taught the tools to overcome emotional blockers. Focus on gratitude for all things in life. Instructor Angela Cardinal

Rejuvenate Your Brain

Improve Cognitive Function at Any Age

Current research shows lifestyle and diet have a big effect on HOW the brain ages. Cognitive function, which covers all aspects of perceiving, thinking and reasoning, CAN improve. And the very good news is no matter what your age there are things you can begin to do today to improve how quickly and effectively brain cells communicate with each other. We'll discuss which 'superfoods' reduce the damaging effects of toxins and inflammation on the brain and which nutrients are great for memory, attention, processing information and reducing stress.

Avoid the Pitfalls

of Perimenopause/Menopause

Perimenopause starts around the age of 35 for most women and can last 10-15 years. Common symptoms include fatigue, migraines, weight gain, water retention, depression, sleep disturbances, joint aches, hot flashes, anger flashes, migraines, fibroids, exaggerated PMS and more. Once you understand exactly what is causing all the troublesome symptoms, they are much easier to correct. We'll discuss how to get hormone levels measured - blood test vs. saliva test and what to do with the results; traditional HRT vs. bio-identical; acupuncture points to assist in symptom relief and nutritional musts.

The Art of Aging Well

Peel Years Off Your Bio Age

Every day, your body makes about 330 billion new cells which means 3.8 million cells are replaced every SECOND! This means every second is an opportunity to make every system in your body healthier. The quality of cell your body can produce this second is very dependent on what raw materials you have floating around your bloodstream. Studies show you can be 50 and have the physiology of a 30-year-old (and vice versa), depending on how well you take care of yourself. What you do now greatly affects your health and well-being now and in the future. Nothing beats good health! Learn simple steps you can take now to help make every system in your body as healthy as possible.

Overcome Your Carbohydrate Cravings

Ever had a day where you can't stop eating? Do you crave starches, snack foods, and sweets and find the more you eat, the more you want to eat? Is your snacking out of control? In this workshop, we will discuss a two-week plan that will STOP your cravings (no kidding!), help you lose weight and help keep your insulin levels balanced. Overcoming carb cravings is not a matter of willpower but a matter of biology. Stop the vicious cycle of food craving and weight gain. No hype - just the facts.

509JNF5 Tue, Oct 20

Women, Weight & Hormones

Are you finding that no matter how well you watch what you eat or how much you exercise, weight is not budging? Until hormonal imbalances are corrected, trying to lose weight will be like shoveling sand against the tide. We'll discuss which hormones are involved and what can be done to correct imbalances; concrete solutions for controlling appetite and cravings; major sources of hormone mimicking chemicals and how to get rid of them; what HRT or birth control pills have to do with weight gain; how to have your hormone levels checked reliably; what steps need to be taken to safely break the vicious cycle of weight gain.

Thyroid Things You Need to Know

If you currently take thyroid medication but are still gaining weight and still have a variety of symptoms, there's more you need to know. Fatigue, weight gain, depression, anxiety, rising cholesterol levels, inability to focus, thinning hair, digestive problems, abnormal blood pressure, reduced sex drive, and heart palpitations are only some of the symptoms. We'll cover five often-overlooked thyroid measurements, reasons the top thyroid medication may be ineffective, foods that affect thyroid health, key rules for taking thyroid meds, environmental triggers, and essential information to discuss with your doctor.

Arsenic and Old Lace

Thu, Oct 22

We're headed to the Ives Auditorium in Bloomington where we'll begin with an included lunch of creamy chicken breast with roasted red potatoes, glazed carrots, coleslaw, dinner rolls, assorted desserts, coffee or hot tea. (Special dietary meals available by request ahead of time.) Then we'll head to the theatre for Arsenic and Old Lace. What do you do when your eccentric family has actual skeletons in the closet? Mortimer Brewster may be the only sane member of his family. One brother thinks he's Teddy Roosevelt and digs the Panama Canal in the cellar. His other brother keeps undergoing ghastly plastic surgeries to hide from the police. And his adorably sweet spinster aunts take in lonely boarders... and dispose of them with their special elderberry wine. To make matters worse, Mortimer has fallen in love with Elaine, the minister's daughter from next door, and a houseful of murderous relatives probably won't help the relationship. This beloved screwball comedy set in 1940s Brooklyn will leave you laughing — and saying no to the elderberry wine!

Forever Simon & Garfunkel

Tue, Nov 3

These guys did "The Everly Set" at the Paramount in 2025. We'll begin with an included buffet lunch at the Coyote Moon Grille and then head for the St. Cloud Paramount Theatre.

Forever Simon & Garfunkel celebrates the bestselling duo in rock'n'roll history, featuring the epic hits "The Sound Of Silence", "Bridge Over Troubled Water", "Mrs. Robinson", "I Am A Rock", "The Boxer", "Homeward Bound", "Cecilia", "Hazy Shade Of Winter", "Feeling Groovy", "Me & Julio", "Kodachrome", and many more! With humor, soaring energy, storytelling, and laser precise harmonies, award-winning entertainers Sean Altman (Rockapella founder, Carmen Sandiego theme songwriter) & Jack Skuller (Songwriters Hall of Fame's Buddy Holly Prize) will lead you on a concert journey from the group's early success as a folk act to their global dominance as hit-makers.

Community Partners

Watertown Community Education and the Watertown Historical Society share a common mission... **To connect people through learning, preserve local heritage, and strengthen community engagement.**

By partnering to establish a Watertown History Museum, both organizations are working together to ensure that the stories, traditions, and experiences that shaped our community are preserved for future generations.

Community Education has long served as a hub for lifelong learning, bringing residents of all ages together through educational opportunities, enrichment programs, and community connections. The Historical Society is dedicated to collecting, preserving, and sharing the rich history of Watertown and the surrounding area. Together, these organizations create a natural partnership that combines education, historical preservation, and community involvement.

The museum will provide opportunities for residents, students, and visitors to explore the people, businesses, schools, organizations, and events that have helped shape Watertown. Through exhibits, educational programs, guest speakers, genealogy classes, and community events, the museum will serve as both a learning center and a gathering place.

This partnership also encourages community participation by inviting residents to share artifacts, photographs, documents, and personal stories. By preserving these pieces of local history, the museum becomes a living resource that celebrates the past while inspiring future generations.

Together, Watertown Community Education and the Watertown Historical Society are creating more than a museum—they are building a lasting educational and cultural resource that honors the community's heritage, fosters civic pride, and connects generations through the stories that make Watertown unique.
