Superintendent's Welcome

Summer 2026

Dear Families,

It is a pleasure to welcome you to the 2026-27 school year. The start of a new school year is always filled with energy and optimism, and we are excited to partner with you to provide a rich and rewarding experience for all students.

As the school year begins, it is a prime opportunity for families to reinforce the importance of engagement and structure when it comes to students' learning. Your encouragement and your own enthusiasm will be key factors in keeping your student motivated to do their best throughout the coming school year. Please take advantage of opportunities to connect with your student's teacher(s) and to familiarize yourself with the instruction that is taking place at school. If at any time you have questions or concerns regarding academic, social, or emotional support, please reach out to your student's teacher, counselor, or school administration for assistance.

In HSD we will continue relying on our strategic plan to guide our work and keep us focused on relevant core instruction that supports all students' growth and career aspirations while ensuring that language instruction provides access to content and skill development. We will focus on school climate and culture as well as social and emotional learning so that safe and welcoming environments exist for all students. Finally, we will continue to honor and value the cultures and assets that students and staff bring to our school communities in order to know, value, and empower every student to achieve their dreams.

I want to thank each of you for your continued support as we work together to create educational environments that are safe, engaging, and inclusive for students, staff, and our community. Great schools have dedicated families, educators, partners, and community members who continually work to make a difference for young people in our community. We value the contributions of our families and the work you are doing to partner with our educators to facilitate the best learning program possible for each student.

Respectfully,

Travis Reiman
Superintendent
