Social Circle City Schools
Dexter Mosley Act Procedures

Under the Dexter Mosley Act (Senate Bill 42), home study students in grades 6 through 12 are eligible to participate in extracurricular and interscholastic activities in the Social Circle City School District.

To participate, home study students must complete at least one qualifying course during any semester in which they participate in an extracurricular or interscholastic activity. A "qualifying course" means an on-site course, an online course facilitated by SCCS, or a dual enrollment course. Participation is only available at the public school where a home study student would be enrolled, based on their residence. To enroll a home study student in at least one SCCS course in order to participate in extracurricular and interscholastic activities, please complete the online forms linked below. Once you have completed the forms, a school-level representative will contact you with additional information.

Additionally, according to the Dexter Mosley Act (SB42), a student who withdraws from a public school to participate in a home study program shall be ineligible for participation in any extracurricular or interscholastic activity for 12 months from the date of the declaration of intent to utilize a home study program provided to the Georgia Department of Education.

Please note: Families interested in enrolling under the Dexter Mosley Act must complete the same online enrollment application as full-time SCCS students. When completing the Student Demographics Section of the application, please check the box labeled "Is this student enrolling under the Dexter Mosley Act? (For Homeschool Students)".
