4. PUBLIC COMMENTS

Subject	4.1 Guidelines for Public Comments
Meeting	Jul 9, 2026 - SPECIAL SCHOOL BOARD MEETING
Category	4. PUBLIC COMMENTS
Access	Public
Type	Information

Purpose

The Board recognizes the value to school governance of public comment on educational issues and the importance of involving members of the public in Board meetings.

Authority

In order to permit fair and orderly expression of such comment, the Board will provide a period for public participation and will formulate rules to govern such public participation in Board meetings.

Delegation of Responsibility

The presiding officer at each public Board meeting will follow the rules of the Board for conduct of public meetings in accordance with this policy and Policy 006.

The presiding officer shall be guided by the following rules:

- Public participation shall be permitted only as indicated on the order of business in the procedures of this Board.[2]
- Whenever issues identified by the participant are subject to remediation under policies and procedures of the Board, they shall be dealt with in accordance with these policies and procedures. The Board requires that public participants be residents of this district or anyone having registered a legitimate interest in a contemplated action of the Board.
- Each statement made by a participant shall be limited to three (3) minutes duration.
- In cases of group action, only one (1) spokesperson shall address the Board.
- All statements shall be directed to the presiding officer; no participant may address or question Board members individually.

The presiding officer may:

- Interrupt or terminate a participant's statement when the statement is too lengthy, personally directed, abusive, obscene, or irrelevant.
- Request any individual to leave the meeting when that person does not observe reasonable decorum.
- Request the assistance of law enforcement officers in the removal of a disorderly person when that person's conduct interferes with the orderly progress of the meeting.
- Call a recess or an adjournment to another time when the lack of public decorum so interferes with the orderly conduct of the meeting as to warrant such action.

No placards or banners will be permitted within the meeting room.

The meeting agenda and all pertinent documents shall be distributed to the press and public at the meetings.

Recording Devices

An individual attending an open meeting of the School Board shall be permitted to use recording devices to record the proceeds of said meeting, subject to the following:

1. Recording devices - The term as used herein shall be defined to mean battery operated tape recorders, and video taping equipment as well as other motion picture cameras which may be used without auxiliary lights. Video taping equipment or motion picture cameras which require auxiliary lighting will not be permitted unless consent is obtained pursuant to the policy.

Cameras used for still photography with or without flash attachments (35 millimeter, instant cameras and the like) shall be permitted at the discretion of the Board of School Directors.

2. The use of recording devices shall be limited to the area reserved for the public or such other area as may be designated from time to time. It is not the intention of this policy to limit the use of recording devices, but to have such recording devices in areas that would be least disruptive to the meeting.
3. In the event an individual wishes to use a recording electrical connections, the request must be made to the Superintendent forty-eight (48) hours in advance of the meeting. In the event of a special or emergency meeting which would prohibit the forty-eight (48) hour advance request, such individual must contact the Superintendent within a reasonable period of time prior to the meeting to obtain authorization to use such recording devices. In determining whether permission should be granted to use such recording devices, the Superintendent shall consider whether the intended use would unreasonably disrupt the orderly transaction of business at the meeting or would interfere with the conduct of the meeting by the Board members and/or others in attendance. Such factors as length of time lighting would be required, intensity of the lighting and location of the lighting shall be taken into consideration.
4. In the event that a person in attendance at a meeting is using a recording device contrary to this policy or in such a manner as to disrupt the orderly transaction of business or the decorum of the meeting, the President shall have the authority to enforce this policy and take whatever other action is necessary or required to establish order and decorum of the meeting.
