

We, the Governing Board of Casa Grande Union High School District, and longtime residents of Casa Grande, have a deep commitment for education. Currently, we are giving back to the community that we love by serving as Casa Grande Union High School District School Board Members. A quality education is the commitment that our community has to our children. Education is vital for the success of every child and a critical component that expands the economic success of our community.

We are asking voters to vote YES for the Casa Grande Union High School District budget override. Your YES vote will NOT increase your taxes and will continue the current level of funding that will help support quality educational opportunities that our children so richly deserve. Voting in these challenging economic times to support education is vital when education funding has been dramatically reduced and continues to be threatened. This election provides us with an opportunity to highlight our community's fundamental belief in the value of a quality education.

We hope that you will join us in supporting the budget override for our schools and for our children.

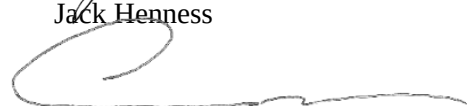

Casa Grande Union High School District Board Members

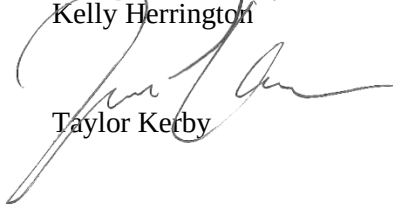

Jack Henness

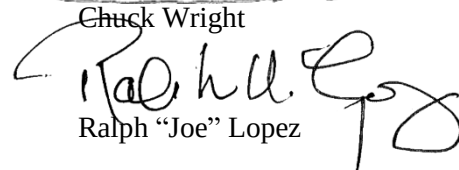

Kelly Herrington

Chuck Wright

Taylor Kerby
