

Eloy Elementary Governing Board “Pro-Statement”

ELOY GOVERNING BOARD:

Please join us in voting “**YES**” for the **budget override**. Your Governing Board is committed to providing Eloy children an educational system second to none. We can only maintain these high standards with the support of our community. In 2014 and 2018, voters supported our schools by voting “Yes” for the override election. Approval of the school district’s override allows for continued enhancement of Eloy Elementary Pre-Kinder through 8th grade education. This funding provides:

- **Academic Achievement Programs**
- **Attract and Retain HQ Teachers and Paraprofessionals**
- **Blue Devil Athletics**
- **Full Day Kindergarten**
- **Activities/Clubs**
- **Band Programs**
- **Field Trips**

Without this override, these programs will receive unprecedented reductions and cuts. Eloy Community, our school district needs your support in passing the budget override. This override is necessary to help us in our efforts to reduce classroom size and provide the needed staff that work directly with your children. This override will continue to pay for and support what we are currently paying right now. The district’s focus is our children and their future. Please support the budget override. To our voter this is a Continuation of our existing Override.

You are all we have....Your support is all we need!

Sincerely, EESD Board
