The Oracle School District isn't just a place where students learn, it is the hub of our community. It is the most likely place in our community where we gather to celebrate achievement and rejoice in victories, large and small, as we all strive to develop those who can lead the future. As a long-time resident of Oracle, two-term school board member, and President of a local community nonprofit, it has been important to me, my family, and friends for decades.

We are now being asked to approve an override continuation which will continue to fund full-day kindergarten, physical education and important programs such as Tech Academy, music and art. These programs aren't just "nice-to-haves", but vital to a more well-rounded educational experience. Also vital are the moderate class sizes and competitive teacher salaries the funding will provide.

I believe taxpayer dollars are precious and should be very carefully spent. I also believe however, that where those dollars can be leveraged into real results, continued support is warranted.

I'm proud of the Oracle School District's progress and hope you'll join me in voting YES for the override continuation this November. Our children deserve an education which is well rounded and prepares them for the future!
