I am sharing this primarily with seniors, at age 86, I qualify. But this is also to every Casa Grande voter. Once my two sons left Arizona in their teens, my thoughts were "why support a bond with my money, my kids are gone." So I did not vote yes. Overtime, realizing that Casa Grande is my home, all kids' education is my responsibility. Eventually, this responsibility drove me to become a current Elementary School Board member. As such, my knowledge and insight for what is happening in Casa Grande regarding growth as well as the aging of schools, the need for this bond is essential and critical if we are to be responsible citizens for the care and growth of our children, our community, and our country. So please join me and vote YES to PASS THE ELEMENTARY SCHOOL BOARD BOND.

Vote YES for Casa Grande Elementary School District Bond

Our children are the heart of Casa Grande, and their future depends on strong schools. The proposed bond will allow the Casa Grande Elementary School District to make critical investments in our students, our community, and our future.

Many of our schools are aging and in need of essential repairs and upgrades. This bond will provide safe, modern learning environments, enhance security, and ensure our facilities meet today's standards. It will also improve technology across all classrooms, giving students the tools they need to succeed in an ever-changing world.

Investing in our schools means investing in our community. Great schools attract families, strengthen property values, and build a stronger local economy. Every dollar from this bond stays in Casa Grande and cannot be used for administrative salaries—only for student-focused improvements such as classroom upgrades, new buses, and modernized learning spaces.

On behalf of the Casa Grande Education Foundation, I am writing to express our strong support for the bond proposal presented by the Casa Grande Elementary School District. This bond is a vital investment in the future of our children, our teachers, and our community.

The proposed improvements—modern classrooms, renovated media centers, upgraded technology, safer playgrounds, and updated transportation—will create safe, engaging, and effective learning environments. These upgrades will help students stay focused, feel a sense of pride in their schools, and be better prepared for the future.

The bond also directly supports teachers by providing functional instructional spaces and reliable infrastructure. When educators have the tools and environment they need, teaching improves—and so do student outcomes.

Though the district has managed its budget responsibly, state funding falls far short of what is needed to meet current capital demands. Without local support, these critical upgrades cannot move forward.

Dear Superintendent,

I am writing this letter in support of the upcoming CGES #4 Capital Improvement Bond. Bonds are a tool used by schools and governments to fund major infrastructure projects. This program enables the school district issuing of bonds that can be sold to investors and proceeds being used for upgrade technology, facility improvements and transportation.

Bond referendums play a crucial role in planning and funding capital improvement projects which is essential in maintaining and enhancing public infrastructure. In the case of the Casa Grande Elementary District will be upgrading technology, facility improvements and enhancing transportation.

I invite you to join me in voting "YES" this November to provide our students with the necessary tools to have our students continue to succeed. It's time to pay it forward.

A strong school district is part of having a great community. By investing in the Casa Grande Elementary School District bond we are able to give students the great schools they deserve. The stronger our school system, the stronger our economy and the better off we are as a City.

This bond will be used to bring our aging school buildings up to modern standards which gives our students the opportunity to learn in a classroom that is designed for the education standards of today while preparing them for the future. There is a critical need to upgrade outdated classrooms and school facilities so that students can learn the necessary skills to be successful in the jobs of tomorrow.

With technology that changes quickly and often it is more important than ever to update our classrooms and integrate new tools and methods of learning.

Transportation is an essential part of school operations. New buses ensure our kids get to and from school safely.

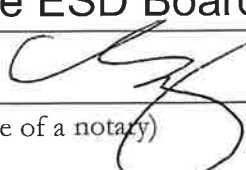

As a long-time Casa Grande resident and a product of Casa Grande schools. I will be voting YES on the bond. Please join me in creating the community in which we all want to live.

The Casa Grande Chamber of Commerce is proud to support the Casa Grande Elementary School District bond measure. Strong schools are the foundation of a thriving economy, and this bond is a critical investment in our community's future.

High-quality schools attract businesses, create jobs, and drive economic growth. Companies looking to relocate or expand choose communities with excellent educational systems because they know strong schools mean a skilled workforce. Passing this bond will ensure our facilities remain modern, safe, and equipped with the technology needed to prepare students for tomorrow's jobs.

Even if you don't have children in school, you benefit from this investment. Great schools increase property values, strengthen neighborhoods, and reduce crime. They also develop the talent pool our local businesses depend on. When schools succeed, our entire community prospers.

This bond is a smart, responsible step toward maintaining our competitive edge and supporting long-term economic development. We urge all voters to join us in voting YES for the Casa Grande Elementary School District bond. Together, we can build a stronger future for our students, businesses, and community.

As the President & CEO of the Pinal Partnership and as past Mayor of Casa Grande I know how important education is to our future and our future workforce. Education and Workforce go hand in hand; we cannot have a good workforce without good education. With some school buildings now 40 to 70 years old, this bond will support:

- Much-needed modernization efforts
- Additional upgrades across all campuses to include repairs to roofs and air conditioning systems, interior painting, parking lot improvements
- Playground renovations – ensuring every student attends a safe, inviting, and well-maintained school

Whether we have children in the system or not, when we invest in this bond, we invest in the future of Casa Grande and ensure our children have access to high-quality learning environments.

I am writing this letter in support of the Casa Grande Elementary School District's effort to pass a bond election. As a resident of Casa Grande for the past forty-three years, I have witnessed the growth of the city and the Casa Grande Elementary Schools. With the growth comes the challenges of providing the best learning environment for our children. The school bond election immensely improves the quality of life learning environment for students. The school bond focus on facilities, technology, and school buses is a tribute to proactive planning and action to address the most pressing needs of students. As a past City of Casa Grande council member I was often asked by businesses hoping to move to Casa Grande about the quality of the schools and its facilities. This bond election will help n the CGESD to prepare the best students possible to succeed and meet the future needs of our vibrant community.

Please join me in voting yes for the Casa Grande Elementary School District (CGESD) bond election. I have been a member of the CGESD School Board for over 5 years and have learned how hard our teachers work to educate our children and grandchildren. Teachers can only do their job if they have the tools they need and safe facilities to teach in.

Your vote for this bond will help to assure that we have the tools and facilities we need to retain and recruit the very best teachers. The future of our students, and so the future of our community depends on it. Please continue to support our schools by voting yes for the CGESD bond election.

As someone who grew in Casa Grande and attended Cottonwood Elementary School and Casa Grande Junior High, I take great pride in the fact that I am a product of Casa Grande Elementary School District. The foundational skills that I learned at those two schools helped set me on a path to success. And now as an adult who works for a local youth-serving organization, I see the impact that this district has on young people every day. CGESD's Mission is "Success for Every One. The Responsibility is Yours and Mine." As a community, it is our responsibility to support the work of CGESD. This bond will allow the district to improve the learning environment for students while promoting student health and safety. Local voters made the choice to pass bonds that supported students like me when I was in school, and now that I am presented with the same opportunity, I am going to use my voice to rally our community together so that this bond passes. I fully support this bond, and I encourage you to join me by voting YES. We need to support our students, and like I said earlier, "The Responsibility is Yours and Mine."

INDIVIDUAL SUBMISSION FORM
ARGUMENT FOR/AGAINST SCHOOL DISTRICT ELECTION ISSUE

The deadline for submitting an argument for or against a school district election issue for the November 4, 2025 General Election is **5:00 pm on Friday, August 8, 2025**

School District Name and Number: Casa Grande Elementary School District #4

This is a ☒ pro or ☐ con argument for the following question:

☒ Bond

☐ Maintenance and Operation (M&O) Override

☐ District Additional Assistance

☐ Lease/Sale/Exchange

☐ Other

Submit your 200-word argument in the box below.

As a longtime advocate for responsible fiscal management, I support the upcoming Casa Grande Elementary School District (CGESD) Bond Election as a wise investment in our schools and community.

The District has identified \$48 million in essential needs, including facility repairs, safety improvements, and the replacement of aging school buses and vehicles. With only \$3.4 million in annual capital funding, CGESD cannot keep pace with necessary upgrades. Delaying these improvements risks costly emergency repairs and disruptions to student learning.

Just as homeowners borrow to replace major systems to protect their home's value, the District must plan ahead to maintain safe, functional schools. This bond will also help accommodate continued growth in Casa Grande by providing the space and infrastructure needed for our expanding student population.

Strong schools are the foundation of a strong community. Whether or not you have children in the school system, this investment benefits all of us by supporting property values, economic development, and safe neighborhoods.

I encourage you to vote YES for the CGESD Bond—our students, schools, and community are counting on it.
