INDIVIDUAL SUBMISSION FORM
ARGUMENT FOR/AGAINST SCHOOL DISTRICT ELECTION ISSUE

The deadline for submitting an argument for or against a school district election issue for the November 4, 2025 General Election is **5:00 pm on Friday, August 8, 2025**

School District Name and Number: Florence Unified (401 & 402)

This is a ☒ pro or ☐ con argument for the following question:

- ☒ Bond
- ☐ Maintenance and Operation (M&O) Override
- ☐ District Additional Assistance
- ☒ Lease/Sale/Exchange
- ☐ Other

Submit your 200-word argument in the box below.

As a proud parent and member of our district, I support Florence Unified's Bond & Land Sale [401 & 402]. Our family has been a part of this district for over 40 years and our future generations enrolled. Both the Bond and the land sale are a critical investment in the future of our children and the strength of our neighborhood. Many of our schools are decades old, facing structural issues, outdated technology, and safety concerns that can no longer be ignored. This bond will fund essential upgrades—safer classrooms, improved heating and air systems, keeping up with technological changes, and secure campus entries—all this without raising existing tax rates. Our students deserve safe, functional, and inspiring learning environments.

Supporting this bond means we are equipping our schools to meet today's needs and tomorrow's challenges, ensuring every student has a fair shot at success. Our community is growing, and we must be able to accommodate incoming students. With strong fiscal oversight, regular audits, and a citizen-led accountability committee, taxpayers can trust that funds will be spent responsibly and transparently.

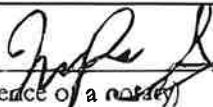

Join me in voting YES on Proposition 401 & 402. Let's invest in our kids, our community, and our future.

A Legacy of Learning for Future Generations

As a long-time resident and Governing Board member, I believe one of the most meaningful ways we can leave a legacy is by supporting the education of future generations. Our schools are more than classrooms — they are community anchors where traditions are built, leaders are nurtured, and hope for tomorrow is created. This bond election is about maintaining and improving the schools that serve as cornerstones of our neighborhoods. Many of these buildings are now decades old and need critical repairs to ensure safety, functionality, and quality learning environments.

Even if you're retired or no longer have students in the district, your vote still has a powerful impact. Supporting this bond is an act of stewardship — caring for the facilities we've already built, and ensuring our community continues to flourish for years to come.

Please join me in voting YES for Florence Unified School District's bond. It's a vote to preserve our values, strengthen our community, and invest in a brighter future — for all of us.

Vote Yes for Our Future: Support the Land Sale and School Bond!

Dear Community Members,

We have a crucial opportunity to invest in our future by passing the land sale and school bond. This initiative will enhance education, improve safety, and protect property values while maintaining a decreasing tax rate.

Why Vote Yes?

1. Stronger Schools: The bond will provide modern facilities and resources essential for our students' success, ensuring a brighter future.
2. Enhanced Safety: Funding will improve infrastructure and security in our schools, creating a safe learning environment for all children.
3. Protecting Property Values: Quality education and safe neighborhoods attract families, increasing property values and benefiting all homeowners.
4. Decreasing Tax Rate: With responsible management, we can achieve these goals without burdening taxpayers, and maintaining a decreasing tax rate while providing essential services.

Together, We Can Make a Difference!

Passing the land sale and school bond is vital for our community's prosperity. Let's unite for our schools, safety, and property values. Vote Yes for the Land Sale and School Bond, and pave the way for a brighter tomorrow!

Thank you for your support!

Submit **your** 200-word **argument** in the box below.

As longtime residents of San Tan Valley and proud parents of San Tan Foothills High School, we've personally experienced how Florence Unified School District has helped shape our children's growth—academically and athletically.

We're asking you to vote **YES** in support of FUSD's upcoming Land Sale and Bond election. The land sale will generate important revenue to address essential building needs—such as HVAC systems, plumbing, and electrical upgrades—items the state does not consistently fund. The bond will boost campus security and modernize athletic spaces used by students and community organizations throughout Florence and San Tan Valley.

These aren't optional upgrades—they're fundamental improvements that directly impact student learning and well-being. Let's continue to invest in schools that support the success of every child. Please join us in voting **YES**.

Submit your 200-word argument in the box below.

Our local public schools are the foundation of our community and economy. The community's support of our schools goes a long way in determining the future outlook and success of our community. I am honored to serve my community as a Governing Board member in the Florence Unified School District and have a vested interest

Our district is at a critical juncture to prepare our schools for the growth and development of our communities. Many Florence Unified Schools are at a life cycle stage requiring replacement and upkeep of our academic buildings to uphold and raise the standards for students in the future. We are very fortunate to have the building capacity to handle the incoming growth as long as we take care of those buildings. The volume of these repairs makes it nearly impossible for the district to make timely needed repairs that lead to additional issues and costs.

Your YES vote for Florence Unified School District's bond election is a vote to support an investment in the children in our community and a vote to take care of the resources that we already have to support students.

As a member of our community and advocate for children I understand that our students are the next generation of leaders and citizens in our community. The schools that educate those students play a critical role in shaping and developing the next generation. Schools that have ample resources to support student achievement and opportunity are a key piece in raising a generation that takes our community forward. The school grounds, athletic fields and courts provide our youth with a gathering place to participate in activities and engagement opportunities that foster leadership, responsibility and teamwork. Maintaining and upgrading facilities like turf playing fields allows for an unrestricted use of fields for both students in our schools and community. Everyone benefits when there are safe and productive places for our youth to spend time while developing traits that foster future leadership and generations.

A YES vote on Prop 401 and 402 prioritizes the well being and growth of students and youth in our schools and communities. The success of our youth is the foundation for the health and growth in our local economies.

As a longstanding member of the San Tan Valley Community I have watched the growth in the area explode over the last 20 years. As our community continues to develop and grow, schools have never played a more critical role. The state of Arizona continues to fail to fund education at the levels needed for students to succeed. School Districts rely on their taxpayers to fund the additional support and funding needed to grow educational opportunities.

This bond election focuses on the essentials of running schools that foster growth and achievement. The bond is focused on safety and security updates that secure our schools, and building renovations for critical systems such as air conditioning and roofs. The bond also highlights improvements in student transportation to ensure that the district is able to continue to provide reliable transportation to and from school for students for years to come. A vote YES for the bond is a vote to take care of the existing resources that Florence Unified School District has and to make sure that students in San Tan Valley and Florence have the resources needed to thrive in education.

During the current school year Florence Unified School District converted to an Elementary and Middle School model for our students. The educational experience and environment for students took a leap forward in our schools. The transition to the new Middle School Model leads to new needs for our students. In Florence, a renovation of the current Florence Middle School is needed to ensure students have a proficient learning environment for years to come. As a member of the Florence community I appreciate the history and beauty of the buildings that house students for generations. A remodel and upgrades of those buildings blend the need for new and upgraded components with the preservation of the history and character of our town. The renovation also allows the district to continue to develop and grow with new development and enrollment in Florence while utilizing taxpayer funds responsibly.

Prop 401 and 402 ensure the long term success and sustainability of the Middle School model in our schools. A YES vote on these measures are critical for ensuring the continued elevation of the education experience in our community.

Investing in the Community We All Share

As a proud Governing Board member of the Florence Unified School District, I've seen firsthand how strong public schools contribute to strong communities — whether or not you currently have children in the school system. Even if your children are grown or you've never had children attend FUSD schools, your investment matters. Public schools influence property values, community safety, local jobs, and the long-term economic strength of our region. Great schools help attract new businesses and families, which translates into thriving neighborhoods and a stronger tax base that benefits everyone.

We are at a pivotal moment where we must repair and modernize our school buildings to keep pace with community growth. Without the bond, these necessary updates will become more costly and disruptive down the line.

A YES vote on Props 401 and 402 is not just about schools — it's about protecting the quality of life in our community. It's about showing that we value public spaces, responsible planning, and the future of Florence, San Tan Valley, and the communities we share.

"Our schools are more than just classrooms - they are the heart of our community"

Our schools are more than just classrooms; they are the heart of our community. From school concerts and sports games to neighborhood meetings, family events, and emergency response efforts, our schools are where the community comes together.

This bond measure is an investment in the shared spaces that bring us together. It will improve and modernize libraries, cafeterias, gyms, auditoriums, and outdoor areas that are used not only by students, but by local organizations, youth programs, and community partners. These upgrades will make our schools more welcoming, more functional, and more equipped to support the needs of a growing and active community.

At the same time, these improvements ensure that our students learn in safe, updated environments that reflect the pride and values of our community. Quality school facilities support academic success, foster engagement, and help prepare students for the future.

By voting yes, we strengthen our schools and invest in the spaces where we gather, grow, and connect—as neighbors, families, and a community.

As a longtime educator and proud member of the Florence Unified School District Governing Board, I've seen firsthand how strong public schools uplift an entire community. Whether or not you have children in our schools, quality education affects us all—boosting property values, attracting businesses, and creating a safer, more vibrant community.

The proposed Land Sale and Bond will provide critical funding to upgrade aging infrastructure, enhance school safety, and improve learning environments across our campuses. This includes essential repairs like HVAC systems, plumbing, and roofing, as well as modern security systems to protect our students and staff.

Our schools are a reflection of our values and our investment in the future. This is not just about students—it's about ensuring our community remains a place where families want to live, work, and thrive. Supporting this measure helps maintain high standards in our schools without raising the current tax rate.

A YES vote is a vote for safer schools, stronger neighborhoods, and a brighter future for Florence.

☒ In accordance with §A.R.S. 15-481.B.9., I attest that the information is true, accurate and complete and that I consent to the publication of this information including my name and title.

Submit your 200-word argument in the box below.

A district has a responsibility to its taxpayers to explore all funding opportunities before asking their taxpayers to fund a bond or override. Florence Unified School District is responsible for acting on this idea on behalf of its taxpayers by pursuing a site sale of land parcels that are not needed by the district for future growth. The district owns several pieces of land that are in an area of the district that is nearly fully developed with existing schools with capacity to handle growth. Because these parcels are not needed the district is responsibly pursuing options that can meet the immediate financial needs of the district.

A site sale approval allows the proceeds of the sale of the land to be used to support needed maintenance and repairs on buildings that support student growth and achievement. A vote YES is critical for Florence Unified School District to meet the immediate needs of the district without a tax impact to residents.

I've been a proud parent and member of the Florence community for many years. My son attended Florence Unified schools, and I'm grateful for the strong academics and athletics that helped shape who he is today. He left high school prepared, confident, and ready for what came next in life.

That's why I'm asking you to vote YES on the Florence Unified School District's Land Sale and Bond election.

The land sale will bring in funds to repair and maintain school buildings—things like air conditioning, plumbing, and electrical systems that the state doesn't cover. The bond will improve campus safety and upgrade athletic fields used by students and community groups across Florence and San Tan Valley.

These aren't extras—they're basic needs that help students succeed.

Please join me in voting YES. With your support, we can keep our schools safe, strong, and ready to serve the next generation—just like they did for my son.

My name is Chris Knutsen, the current superintendent of FUSD. I would like to thank our community for the passage of the previous bond back in 2017. With the proceeds from the previous bond, we were able to upgrade all playgrounds on our K-8 campuses, purchase new buses for our bus fleet, build a practice complex for FHS, and fix a gym at Florence K-8 that was run down. Most importantly, we were able to upgrade our technology infrastructure to help us deal with cyber-attacks. The previous bond also allowed us to purchase enough devices so every k-12 student in FUSD could learn virtually during the COVID 19 pandemic. If you help pass this bond, we will purchase needed buses and technology; we will also add safety measures to each school to help to keep our kids safe. There are other capital needs we have, such as buses and air conditioners for our schools. Please vote yes for this bond.

"High School field turf is a win for students and community members"

This bond measure will fund the installation of high-quality field turf in FUSD's high schools in San Tan Valley—an investment that supports student athletics, school pride, and community access, while also reducing long-term maintenance costs.

Unlike traditional grass fields, field turf requires no watering, mowing, or reseeding—saving thousands of gallons of water and reducing labor and maintenance costs year after year. At a time when water conservation is critical, this is a sustainable, responsible solution.

Field turf also allows for year-round, all-weather use. Our athletic teams will have greater access for practices and games without worrying about field closures due to weather or overuse. These fields will also be available for use by youth leagues, school events, and community groups—maximizing the value of this investment for everyone.

A vote for this bond is a vote for long-term savings, greater access to high-quality athletic facilities, and a stronger connection between our schools and the communities they serve.

Invest in Our Future: Strong Schools, Strong Workforce!

Dear Community Members,

Strong schools are the cornerstone of a thriving workforce. To cultivate skilled professionals who can meet the demands of our evolving economy, we must prioritize the quality of our educational facilities. Passing the land sale and school bond is essential to achieving this goal.

By investing in our schools, we provide students with modern facilities and resources that foster innovation, critical thinking, and collaboration. These elements are vital for developing a workforce that can compete on a global scale.

High-quality education prepares our students for future careers, ensuring they are equipped with the skills necessary to succeed. Furthermore, strong schools attract businesses to our communities, leading to job creation and economic growth.

The land sale and school bond will allow us to upgrade our facilities, ensuring they meet the highest standards. This investment will not only benefit our students but will also strengthen San Tan Valley and Florence communities for the future.

Let's come together to support our schools and ensure a vibrant workforce for generations to come.

Vote Yes for the Land Sale and School Bond!
