

Cancer Insurance

CHUBB®

Treatment for cancer is often lengthy and expensive. While your health insurance helps pay the medical expenses for cancer treatment, it does not cover the cost of non-medical expenses, such as out-of-town treatments, special diets, daily living, and household upkeep. In addition to these non-medical expenses, you are responsible for paying your health plan deductibles and/or coinsurance. Cancer insurance helps pay for these direct and indirect treatment costs so you can focus on your health.
