

Dental Coverage

Our dental plans help you maintain good oral health through affordable options for preventive care, including regular checkups and other dental work.

DPPO Plan

Two levels of benefits are available with the DPPO plan: in-network and out-of-network. You may select any dental provider for care, but you will pay less and get the highest level of benefits with in-network providers. You could pay more if you use an out-of-network provider.

Find an In-Network Provider
