

Annual Internet-Enabled Devices Policy Enforcement Report 2025-2026 School Year

Pursuant to Education Law §2803, Eastern Suffolk BOCES is required to annually report on enforcement of its internet-enabled devices policy, including violations, disciplinary responses, demographic data, equity analysis, and any mitigation steps taken to address disparities. This report summarizes enforcement activity for the 2025-2026 school year.

Summary of Violations

Eastern Suffolk BOCES's internet-enabled devices policy was in effect bell-to-bell for all students in grades K–12. There were no recorded violations of the internet-enabled devices policy during the reporting period.

Disciplinary Responses

Because no recorded violations occurred, no disciplinary actions were taken in connection with the internet-enabled devices policy.

Demographic Data

As there were no violations, no demographic data is available or required for this reporting period.

Equity Analysis

Eastern Suffolk BOCCES conducted an annual equity review. Because no violations occurred, no disparities in enforcement were identified.

Mitigation Plan

No mitigation steps are required, as no disparities were identified.
