

DIGITAL LITERACY SUMMER LEARNING RESOURCES

Dear Families,

To help our students keep their minds sharp over the break, the Technology Team has put together a collection of free websites. These resources are designed to help students maintain all the essential skills they worked hard to master this year!

While these summer activities are completely voluntary, we truly believe that just **15 to 30 minutes** of daily practice can make a difference in keeping that momentum going.

We are so grateful for everything you do to support your child's growth and success. We wish you all a safe, restful, and joy-filled summer vacation!

With appreciation,
The Technology Team

Queridas familias,

Para ayudar a nuestros estudiantes a mantener sus mentes activas durante las vacaciones, el Equipo de Tecnología ha recopilado una colección de sitios web gratuitos. Estos recursos están diseñados para ayudarles a conservar todas las habilidades esenciales que tanto se esforzaron por dominar este año.

Si bien estas actividades de verano son completamente voluntarias, creemos firmemente que tan solo de **15 a 30 minutos de práctica diaria** pueden marcar la diferencia para mantener el ritmo de aprendizaje.

Estamos muy agradecidos por todo lo que hacen para apoyar el crecimiento y el éxito de sus hijos. ¡Les deseamos a todos unas vacaciones de verano seguras, reparadoras y llenas de alegría!

Con agradecimiento,
El equipo de tecnología

Hour of Code Choice Board -- Grades 1-2

Participate in the Hour of Code! Try the Coding Activities below.

RODOCODO: CODE HOUR

Rodocodo Cat is on a mission! Can you help?

CODING WITH THE FOOS

Activity will take a few moments to load. Click **Schools** and choose **Students** and then click the **Hour of Code** button to **start**. Scroll down to find activity.

Can you collect the doughnuts?

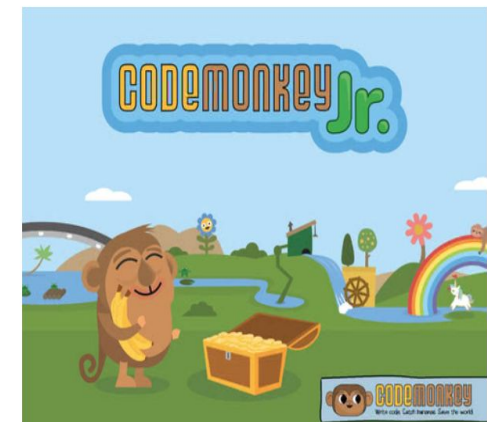

KODABLE

Explore the world of the Fuzzzes using arrows to complete the mazes.

CODEMONKEY JR.

Collect all the bananas and unlock treasure chests!

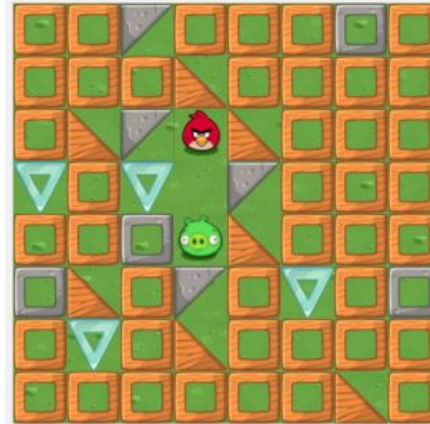

Hour of Code Choice Board -- Grades 1-2

Participate in the Hour of Code! Try the Coding Activities below!

ANGRY BIRDS

Program the Angry Bird to get to the Evil Pig!

BEAVER ACHIEVER

This little beaver needs your help. Use the simple blocks of code to complete the dam in the lake so the water remains calm, build a house, and make smoothies!

BEKIDS CODING CHALLENGES

Join Grace, Zak and Dot the Robot on an adventure in the Loop Galaxy!

STAR WARS: BUILDING A GALAXY

Learn to program droids, and create your own Star Wars game in a galaxy far, far away.

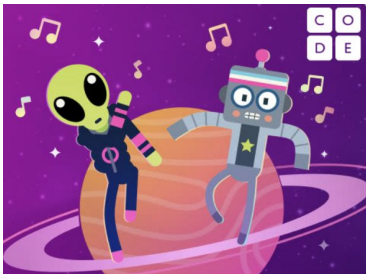

Hour of Code Choice Board -- Grades 3-5

Participate in the Hour of Code! Try the Coding Activities below!

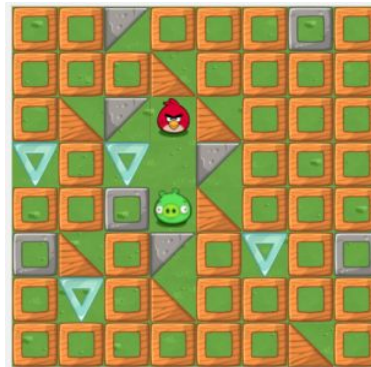

DANCE PARTY

Code a Dance Party with your friends! **New songs added!**

ANGRY BIRDS

Program the Angry Bird to get to the Evil Pig!

MUSIC LAB: JAM SESSION

Make music and learn to code with Music Lab: Jam Session!

BEAVER ACHIEVER

This little beaver needs your help. Use the simple blocks of code to complete the dam in the lake.

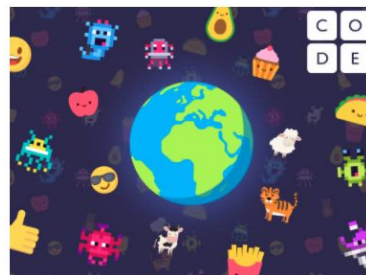

CODE WITH THE GRINCH

Program the drones to return the presents to Whoville!

HELLO WORLD

Create and animate sprites, and make your own interactive scenes including soccer!

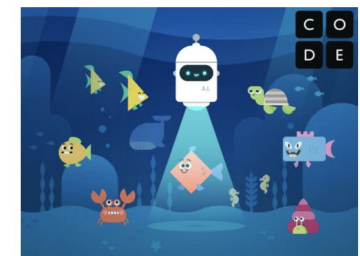

STAR WARS: BUILDING A GALAXY

Learn to program droids, and create your own Star Wars game in a galaxy far, far away.

AI FOR OCEANS

Learn more about AI and machine learning while cleaning the ocean.

Hour of Code Choice Board --

Participate in the Hour of Code! Try the Coding Activities below!

RODOCODO: CODE HOUR

Rodocodo Cat is on a mission! Can you help?

NASA'S SPACE JAM

Create a solar system that really rocks!

CODE FARM: PLANT A GARDEN

Program a robot to plant a garden, and learn how robots help farmers in the

POEM ART

Illustrate the mood of a poem with code.
