Summary

The AAC International Baccalaureate Diploma Programme Class of 2026 continued the school's tradition of strong academic achievement. Out of 21 Diploma candidates, 20 earned the IB Diploma and **one will be appealed** resulting in an impressive 95.2% diploma pass rate. The cohort achieved an average diploma score of 31.2 points, comfortably above the global diploma average in most recent IB examination sessions. In addition, five IB Course students successfully completed individual IB subjects aligned with their academic pathways. While they are not included in the Diploma statistics, they earned IB Course Certificates for every subject in which they achieved a grade of 3 or higher, highlighting AAC's commitment to providing meaningful and internationally recognized opportunities for all learners.

The results demonstrate the strength of AAC's holistic approach to the IB Diploma Programme, but beyond the numerical outcomes, these results reflect the continued development of a strong IB culture at AAC. Over recent years, the programme has focused on strengthening student support systems, embedding Approaches to Teaching and Learning (ATL) throughout the school, and promoting collaboration among teachers, coordinators, counselors, and families. The high diploma success rate is evidence that these initiatives are helping students successfully manage the academic rigor of the Diploma Programme while maintaining high standards.

The Class of 2026 also represents another step forward in the sustainable growth of the AAC IBDP. As student interest in the programme continues to increase, these results reinforce AAC's reputation for providing a rigorous, supportive, and inclusive IB education that prepares students for success at universities around the world.
