HOUSTON ISD ATHLETICS FALL 2025

SPORTS GUIDE

Maximizing the Ability of Athletics and Academics to Enhance the Educational Experiences and Opportunities

Letter from the Director

HOUSTON INDEPENDENT SCHOOL DISTRICT

Hello everyone. My name is Andre' Walker, the Director of Athletics and UIL Activities for the Houston Independent School District. I am proud to serve this district and the surrounding communities. I hope to make a positive impact on our coaches, student-athletes, and those communities that we serve.

It is our mission that athletics programs in the Houston Independent School District play an integral part in the total educational structure. Athletics offers positive and meaningful experiences that assist in enhancing the growth and development of young men and women in an environment where life responses are taught. Our primary goal is to create a teaching lab where student-athletes flourish and commit to cooperative goals, learn perseverance, learn to accept winning and losing graciously, sacrifice for others, and cooperatively pursue victory while enhancing individual character and personal goal setting for their future use.

It is our expectation that the coaching staff will serve as positive role models who display in-depth knowledge of their sport. They must have the ability to teach, exhibit strong leadership, display ethical behavior, and possess an interest in the holistic development of their student-athletes. Winning championships will be a by-product of ethical coaching and healthy competition. Athletics is not a diversion, but an extension of the classroom. It elevates the academic curriculum and supports the academic mission of the school and district.

Our desire is that through their participation in sports, student-athletes will have fun and build lifelong relationships. Their athletic endeavors will teach them how to release stress in a healthy manner and instill fitness for life as a core value. The ultimate product of this investment will be healthy adults who contribute to their communities in a positive way.

Sincerely,

Andre' Walker
