Bridge to Workforce

This training program is a great opportunity for students who want to take the next step in their career journey.

You will learn important skills for work and get ready for pre-apprenticeships and or other workforce training programs.

Classes include career planning for a digital world, occupational skills, and reading comprehension.

You will have the opportunity to earn industry related certifications.

Best of all, you will get personal support to help you take the next steps into your new career!
