

At Jefferson Elementary School, we are committed to preparing our students for college and career readiness by offering rigorous and meaningful academic experiences. Our dedicated staff works tirelessly to create an environment where students can think critically, solve problems, and communicate effectively. We believe that every student has unique strengths and abilities that contribute to our school's success, and we strive to support their individual needs to help them reach their full potential. We are deeply grateful for the support of our families and community partners.

As you review this brochure, you will find information from the SC School Report Cards. The new School Report Card evaluates schools through a college-and-career readiness perspective. While scores and survey feedback are valuable and reflective tools, they do not provide a comprehensive view of a school. Therefore, we also consider the various initiatives and programs our school offers to students. We hope this report highlights the opportunities available to our students and showcases the successes we have achieved this year!

Sincerely,
JES School Improvement Council

Members: Beverly Barnes, Lauren Johnson, Brittany Neal, Lexis Spears, Hailey Helms, Christina Labbe, Ryan Hefley, Vanessa Hefley and Mattie Hughes

Jefferson Elementary School is a Title I school and is accredited by the Southern Association of Colleges and Schools. The Title I plan and parent policy are available for your review at any time. We invite your suggestions for improvement and ways to utilize Title I funds.

Vision
To Learn, Serve, and Give as ONE

Mission

Our mission is to cultivate a service-oriented community of learners who strive for personal growth and excellence as communicators, collaborators, creators, and critical thinkers.

School Demographics

Student Enrollment	374
African American	20.1%
White	60.2%
Hispanic or Latino	9%
Other	10.7%
PIP (Pupils in poverty)	68.1%

Improvement Goals:

Increase satisfaction with home-school relations
Increase student achievement (% of tested students scoring meets/exceeds on the state ELA and Math assessments)

Improving Instruction

Our professional development has focused on the high-leverage practice of Collaboration.

1. Our teachers will collaborate with students, colleagues, and stakeholders to design high-quality learning experiences based on data and aligned with district goals. This approach aims to foster a growth mindset and monitor progress for all students.

2. Our students will engage collaboratively with peers and teachers throughout the learning process. Both teachers and students will seek, share, and utilize quality feedback to enhance instruction and learning.
