PLEASANT HILL SCHOOL DISTRICT #1

HOME OF THE BILLIES

OUR MISSION

To graduate all students with high levels of academic and personal achievement, who are ready for post-secondary excellence, and who are prepared for productive, compassionate citizenship, through research-based instruction and a collaborative system of support.

NEWSLETTER | SPRING 2026

From the Desk of Superintendent Jim Crist

ROOTED IN LEGACY, BUILT FOR TOMORROW

As we move into spring and toward the close of another successful school year, I want to take a moment to reflect on all that has been accomplished across our district and to thank the many people who make Pleasant Hill such a special place. This has been a year marked by progress, partnership, and a continued commitment to doing what is best for students.

Across our schools, we have seen tremendous growth in student learning, engagement, and opportunity. Our staff have worked tirelessly to support students each day, our families have remained strong partners in education, and our community continues to show pride and belief in our schools. Together, we are building on a strong tradition while preparing students for a bright future.

CELEBRATING PROGRESS ACROSS PLEASANT HILL

Over the last two years, Pleasant Hill School District has made meaningful investments in both our facilities and our instructional systems. These improvements are helping create stronger learning environments and better outcomes for students.

SUPERINTENDENT, CONTINUED

INVESTING IN OUR SCHOOLS

- New turf field installation (2025)
- Library remodel (2025)
- Softball turf Booster Club project (2026)
- High School gymnasium seismic upgrade (Summer 2026)
- Main gym concession remodel (Summer 2026)
- AG Science classroom remodel (2024)

STRENGTHENING INSTRUCTION

- Adoption of the STAR Assessment system to better monitor student progress and inform instruction
- Addition of a districtwide instructional coach to support teachers and classroom practice
- Expansion of RTI / MTSS systems to strengthen academic and behavioral supports
- Summer learning opportunities
- Improved curriculum alignment across grade levels and subject areas

HONORING THE CLASS OF 2026

Spring also brings one of the most meaningful traditions of the school year as we prepare to celebrate the Pleasant Hill High School Class of 2026. Our seniors have demonstrated perseverance, leadership, and Billie pride throughout their time with us. We are proud of all they have accomplished and excited to see the many paths they will pursue after graduation.
To the Class of 2026: thank you for the example you have set for younger students and for the positive mark you have left on our schools. You will always be part of the Pleasant Hill family.

SUMMER LEARNING OPPORTUNITIES

We are pleased to once again offer summer learning opportunities for students. Summer programs will provide additional academic support, enrichment, and opportunities for continued growth. If you have questions regarding the summer learning opportunity - schedules, registration, transportation, and program details - please contact your school administration or counselor.

THANK YOU, PLEASANT HILL

None of this progress happens without people who care deeply about children and community. Thank you to our outstanding staff for your dedication and professionalism. Thank you to our students for your effort and character. Thank you to our parents for your trust and partnership. And thank you to our community for your continued support of the Pleasant Hill School District.

Pleasant Hill has much to be proud of, and even more to look forward to. Together, we remain rooted in legacy and built for tomorrow.

Warmly,

Jim Crist

Superintendent

Summer Food Program

RURAL KIDS LUNCH PROGRAM DELIVERY ROUTE - PLEASANT HILL/DEXTER

Every Thursday from June 25-August 20

FREE LUNCH FOR KIDS 18 AND YOUNGER

Each week, FOOD For Lane County will deliver five days' worth of USDA-approved lunches to rural communities. Each child will receive a grab-and-go bag containing five lunches. If a child is not present at pick-up, a parent or guardian must complete a proxy form once for the season to receive meals on their behalf. The form is available on the FOOD For Lane County website.

Pleasant Hill Community Center
36386 OR-58, Pleasant Hill
10:50 – 11:20 a.m.
Dexter Food Pantry
39095 Dexter Road, Dexter
12:00-12:20 p.m.

For more information visit: foodforlanecounty.org

Programa de Almuerzos

PARA NIÑOS RURALES RUTA DE ENTREGA - PLEASANT HILL/DEXTER

Todos los jueves del 25 de junio - 20 de agosto

ALMUERZO GRATUITO PARA LOS MENORES DE 18 AÑOS!

Cada semana, FOOD For Lane County entregará almuerzos aprobados por el USDA para cinco días a las comunidades rurales. Cada niño recibirá una bolsa para llevar con cinco almuerzos. Si un niño no está presente en el momento de la recogida, uno de sus padres o su tutor deberá rellenar un formulario de apoderamiento una vez por temporada para recibir las comidas en su nombre. El formulario está disponible en Food For Lane County sitio web.

Pleasant Hill Community Center
36386 OR-58, Pleasant Hill
10:50 – 11:20 a.m.
Dexter Food Pantry
39095 Dexter Road, Dexter
12:00-12:20 p.m.

Para más información, visite: foodforlanecounty.org

FOOD FOR LANE COUNTY MOBILE FOOD PANTRY

Food For Lane County will have a Mobile Food Pantry onsite this summer in the elementary school parking lot. "Through this pop-up style market, we distribute a variety of pantry staples, proteins, dairy items and fresh produce. A typical visit to the Mobile Pantry will provide a household with a three- to five-day supply of nutritionally balanced groceries". Visit **www.foodforlanecounty.org** for more information.

FOOD FOR LANE COUNTY DESPENSA DE ALIMENTOS MÓVIL

Food For Lane County contará con una despensa de alimentos móvil en el lugar este verano, ubicada en el estacionamiento de la escuela primaria. A través de este mercado itinerante, distribuimos una variedad de productos básicos de despensa, proteínas, lácteos y frutas y verduras frescas. Una visita típica a la Despensa Móvil proporciona a una familia un suministro de alimentos nutricionalmente equilibrados para tres a cinco días. Visite **www.foodforlanecounty.org** para obtener más información.

Civil Rights Statement

USDA NONDISCRIMINATION STATEMENT

In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by USDA (not all bases apply to all programs). Remedies and complaint filing deadlines vary by program or incident.

Persons with disabilities who require alternative means of communication for program information (e.g., Braille, large print, audiotape, American Sign Language, etc.) should contact the State or local Agency that administers the program or contact USDA through the Telecommunications Relay Service at 711 (voice and TTY). Additionally, program information may be made available in languages other than English

To file a program discrimination complaint, complete the USDA Program Discrimination Complaint Form, AD-3027, found online at "How to File a Program Discrimination Complaint" (https://www.usda.gov/about-usda/general-information/staff-offices/office-assistant-secretary-civil-rights/how-file-program-discrimination-complaint) and at any USDA office or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by:

1. Mail:
U.S. Department of Agriculture
Office of the Assistant Secretary for Civil Rights
1400 Independence Avenue, SW
Washington, D.C. 20250-9410; or

2. Fax:
(833) 256-1665 or (202) 690-7442; or

3. Email:
program.intake@usda.gov

USDA is an equal opportunity provider, employer, and lender.

A Letter from the PHES Principal

DEAR PLEASANT HILL COMMUNITY,

As the flowers bloom and the days grow longer, it is my absolute pleasure to share the incredible progress we've made at Pleasant Hill Elementary this year. This season is always a time of reflection, and looking back at the growth our students have achieved this year fills me with immense pride.

CELEBRATING OUR GROWTH

We have seen remarkable strides in both academic achievement and social-emotional development. Whether it's a kindergartner mastering their first sentence or a fifth grader writing an opinion essay, the school is buzzing with the sound of learning.

EMBRACING NEW STANDARDS: STAR TESTING

One of our biggest milestones this year was the successful adoption of STAR Testing. This new assessment tool has been instrumental in helping us understand exactly where each student stands. By using this data, our educators have been able to:

- Tailor instruction to meet individual needs.
- Identify growth areas in real-time.
- Celebrate milestones with precision and clarity.

Our students took these assessments with focus and determination, and the results speak volumes about their dedication to learning.

A HEARTFELT THANK YOU TO OUR TEAM AND COMMUNITY

None of this would be possible without the unwavering commitment of our staff and students. Our teachers have worked tirelessly, often going above and beyond to ensure every child feels supported and inspired. Their "can-do" spirit is the heartbeat of our school.

We are also deeply grateful for YOU, our community. From volunteering in classrooms or helping our PTO, your partnership makes Pleasant Hill Elementary a truly special place to be.

LOOKING AHEAD

As we head into these well-deserved warmer months, I want to wish every family a wonderful, safe and restorative summer break. Enjoy the sunshine, dive into a good book and make lasting memories.

We are already looking forward to welcoming everyone back in the fall to continue this amazing journey together. The foundation we built this year is strong, and I can't wait to see how much we continue to accomplish together.

Warmly,

Brenna Fairchild

Principal

Updates from the PTO

As the school year comes to a close, the PHES PTO would like to extend a heartfelt thank you to our incredible families, staff, local businesses and community members for your continued support throughout the year. Your generosity, encouragement and participation have helped make this a wonderful year for our students and school community.

From our successful jog-a-thon fundraiser to the amazing support shown at our community hot dog feed and school book fairs, every contribution made a difference. Thanks to your support, we were able to help fund field trips, assist with busing requests, support teacher and staff appreciation activities, create new field trip and in-classroom activity opportunities and continue growing opportunities for students through programs like our book vending machine.

We would also like to give a special thank you to all of our book vending machine sponsors and community partners who helped bring extra excitement and encouragement to reading this year. Your kindness directly impacts our students and school experience. And as always, a HUGE thank you to all of our dedicated volunteers who give their time, energy and heart to help make these events and opportunities possible. The PTO simply could not do it without you!
As we look ahead to next year, we are excited for the many new adventures, opportunities and community events to come.

We are always looking for local businesses and community partners who may be interested in sponsoring jog-a-thon prizes, bingo night, the book vending machine or other student enrichment opportunities. If you would like to partner with the PTO, we would love to hear from you.

To wrap up the school year, the PTO is excited to support the end of year field day event and all of the fun activities planned for students. We look forward to celebrating an amazing year together and cannot wait to see what next year brings for our Pleasant Hill Billies community!

UPDATES FROM THE PLEASANT HILL EDUCATION FOUNDATION

The 2025-26 school year has been amazing, and we would like to thank all the business partners, donors, volunteers and teachers/staff that have helped support the Pleasant Hill Education Foundation. We have enjoyed being able to support the district through our Innovative Educator Grants, Scholarships and Donor-Directed funds.

We would like to thank our sponsors and all who attended our PHEF Love Boat Gala! We are excited to announce that we raised over $40,000 for Pleasant Hill Schools! We couldn't do this without the amazing support of our community and sponsors. You can mark your calendars for February 20, 2027 for our next Gala!

We have a couple openings on our board. If you are looking for a way to give back to our schools, please consider joining our board! We have a treasurer position open along with board member seats. We have a lot of fun and are always looking for new members. We also have many volunteer opportunities. If this is something you are interested in, please reach out to **amckee@phillfoundation.org**.

LETTER FROM THE PRINCIPAL

It is with a heart full of gratitude and a touch of bittersweet emotion that I write this final newsletter message. After a long and rewarding journey in education, I have decided that Pleasant Hill will be the final chapter of my professional career.

I have served in various roles across many districts throughout my life, but I can say with total sincerity: I saved the best for last. Being your leader has been the greatest honor of my professional life. I feel truly blessed to retire from a place that feels so much like home.

When I first arrived, I knew this district was respected, but I quickly learned that the "Pleasant Hill way" is something you have to experience to truly understand. This community is special. Whether it was cheering from the sidelines at a Friday night game, seeing the outpouring of support for our local fundraisers, or simply witnessing the way neighbors look out for one another, the sense of unity here is profound.

This year marks my 35th year in high school, and I can say that I have loved every single day of it. People often ask what keeps a person in this field for decades, and the answer is simple: the students. The quality and character of the young people here in Pleasant Hill are a direct testament to the families and the community that support them. They inspire me every single day with their energy, kindness and acceptance.

While saying goodbye is difficult, I am reminded that change is inevitable. I am happy and confident to be passing the torch to Alan Stearns, our current High School Assistant Principal. Having worked closely with Alan, I know he is dedicated to the success of all students, staff and the Pleasant Hill community. I leave knowing the school is in good hands.

Though I am stepping away from my role, I will always be a Billies supporter at heart. Thank you for the memories, the challenges and the incredible opportunity to lead this wonderful school.

With deep appreciation,

Chris Reiersgaard

Principal

LETTER FROM THE BAND DIRECTOR ZAC TENDICK

With a heavy heart I must inform you that this is my last year at Pleasant Hill High School and Middle School teaching band. I have been blessed by this community for the last ten years, and the students I've worked with have done some truly amazing things. I started with only a handful of middle and high school band students, and now we are regularly winning competitions, traveling far and wide and consistently qualifying for state competitions in band and jazz band.

This year, our top jazz band, Solar Jazz, took first place at the Pleasant Hill Jazz Festival, qualified for the national jazz competition in Canada and won the OMEA State Jazz Championships in 3A for the fourth straight year. The Wind Ensemble is gearing up for their third straight OSAA Band State Championship appearance and are hopeful to place. These students are working hard, love music and have set the tone for excellence in music. I will truly miss them and all the supportive family and community members.

What's next for me? I will be starting a brand new band program from scratch at a small private school that my children will begin attending next year. I am very sad to leave my hometown, school, and all of you, but I am looking forward to a change of pace, spending more time with my family, and facing all the new challenges ahead.

Thank you for your support over the years and I hope that you show the same love, appreciation and encouragement to the next Pleasant Hill High School and Middle School band director.

Pleasant Hill Middle School Updates

As we enter the final stretch of the school year, I want to take a moment to reflect on the genuine learning, growth and connection happening every day at Pleasant Hill Middle School. Our students and staff have worked incredibly hard across all grade levels, and there is so much to be proud of as we look back on our year together.

Beyond the core curriculum, it has been wonderful to watch our students discover their passions in the arts, electives and after-school programs. A special highlight is our Shakespeare Club, which is currently bringing A Midsummer Night's Dream to life. The students are pouring their hearts into this, navigating the classic language with impressive skill, humor and creativity. Their hard work is going to result in a truly fantastic experience.

We also have several exciting milestones ahead to help us close out the year. Right now, students are eagerly working toward earning our Quarter 4 reward trip to the Oregon Coast. This trip is one of our favorite traditions, serving as a wonderful way to celebrate their continuous effort and positive choices throughout the spring.

When I reflect on everything our students have achieved, I am reminded of how much we rely on the entire Pleasant Hill community. Your unwavering support is the true foundation of our school's success. Whether you are volunteering your time for experiences like the tree-planting field trip and the Run for Funds, cheering from the stands at athletic events and concerts, or simply encouraging your children at home every evening, your partnership means the world to us.

I am deeply thankful to be a part of such a dedicated, caring school community. It has been a wonderful year, and while our staff and students remain focused on finishing these last few weeks strong, I am already looking forward to all the amazing things we will accomplish together next year!

Warmly,

Caleb Salmond

PHMS Assistant Principal

CTE, FFA and Agriculture News and Updates

AG/NATURAL RESOURCES CTE, AND FFA YEAR-END WRAP-UP

The Pleasant Hill High School CTE and FFA programs have had a busy and successful spring filled with leadership accomplishments, Career Development Event (CDE) success, community outreach and hands-on learning opportunities. In February, more than 120 Pleasant Hill High School students attended the Oregon Logging Conference Education Day where students explored a wide variety of natural resource and forestry-based careers. Students participated in equipment demonstrations, industry tours and hands-on learning opportunities while interacting directly with community members, industry professionals, colleges, universities and employers from across the Pacific Northwest. The event provided students with valuable exposure to career pathways, workforce opportunities and modern forestry and natural resource industries.

Also in February, Pleasant Hill FFA students Peyton White and Reagan Dockery earned 1st and 2nd Place honors in the Lane County Youth Producer of the Year competition. In addition, Peyton White and Stella Carlton were elected to serve on the Upper Willamette District FFA Officer Team, the first time Pleasant Hill High School has had two district officers serve at this level simultaneously.

This spring, several Pleasant Hill teams earned success in Career Development Events and state qualifying competitions. Our Floriculture team earned 1st Place in the Beginning Division and 3rd Place in the Advanced Division. Both our Farm Business Management Team and Cooperative Business Team qualified for the Oregon State FFA Competition.

Students also attended the Oregon State FFA Convention, where 12 members participated in leadership workshops, team-building activities, Career Development Events and networking opportunities with members from across the state. Students represented Pleasant Hill with professionalism, leadership and school pride throughout the event.

Throughout the spring, students competed in a variety of district and regional Field Day competitions, including Poultry, Veterinary Science, Dairy Products, Crops and Meat Evaluation. Many Pleasant Hill students earned Top 10 individual placings, and our Beginning Crops team brought home a district championship.

Our Tractor Driving and Forestry teams also had outstanding seasons. Pleasant Hill earned strong results in Tractor Driving competitions, while the Forestry team attended the Upper Willamette District Forestry Contest and earned the 1st Place Beginning Team banner.

The annual May Plant Sale was another tremendous success. More than 200 students from Horticulture, Metals, Woods, Agriculture and FFA programs helped produce products, prepare materials, assist customers and operate the event. The sale highlighted the importance of hands-on, real-world learning experiences while showcasing student creativity, technical skills, teamwork and customer service skills.

Pleasant Hill FFA and CTE students also participated in the Eugene Emeralds community event this spring. Students hosted a display booth, promoted the district CTE promotional video and shared information about Career and Technical Education and FFA opportunities with more than 2,000 fans and community supporters.

Looking ahead, Pleasant Hill FFA will travel to the Washington Leadership Conference in Washington, D.C. this June with 13 students attending a week-long national leadership experience.

CTE, FFA and Agriculture News and Updates

CONTINUED FROM PAGE 9

Students will participate in service leadership training, government and public policy exposure, public speaking development and collaborative leadership activities with FFA members from across the United States, focused on community service and leadership impact. Students also recently presented a "Year in Review" presentation to the Pleasant Hill School District Board and community members, highlighting student achievements, leadership development, Career and Technical Education opportunities and community impact.

Now students are preparing for Summer FFA programs, including Supervised Agricultural Experience projects, livestock management, market animal show preparation and fair season activities. Community members are invited to attend the Lane County Fair beginning July 22 and support local youth involved in FFA and 4-H programs. The Lane County Youth Auction will take place on July 25 at 1:00 p.m. Please plan to attend, show support and purchase high-quality student-raised animal projects.

We are also wrapping up fundraising efforts for the new Blue Jacket Enterprises Concession Trailer. Final assembly will take place this summer and early fall as students prepare to offer handmade coffee drinks, tea, smoothies and mini pizzas at school sporting events and community activities. This project will provide Agriculture and CTE students with valuable work-based learning and entrepreneurial experiences in business management, marketing, customer service, product development and sales.

Students in the Pleasant Hill High School Metal Shop continue to build technical welding and fabrication skills through hands-on projects and industry-based learning experiences. Recently, students completed a unit focused on flux-core welding processes, where they practiced both self-shielded and dual-shielded welding techniques. Advanced Metals students also created custom items for the Pleasant Hill Booster Club Auction, utilizing the CNC plasma cutting machine to design and fabricate personalized metal signs and projects.

We would like to thank the Pleasant Hill Education Foundation for supporting the purchase of a new laser engraver and cutter. The machine has recently been delivered and will be installed over the summer. Students will begin learning to operate and integrate the new technology into classroom projects and fabrication work during the next school year.

Finally, after more than three decades of dedication, mentorship and craftsmanship, Pleasant Hill High School would like to recognize and thank Steve Smith for his outstanding service to students and Career and Technical Education since 1992. For generations, students have gained valuable hands-on skills, work ethic, creativity, problem-solving abilities and confidence through Mr. Smith's classes and leadership. His commitment to student success and passion for teaching have left a lasting impact on countless students, families and community members over the years. On behalf of the students, staff and the Pleasant Hill CTE Department, we sincerely thank Mr. Smith for the legacy he leaves behind. We wish him the very best in retirement and future adventures.

Thank you to all of the organizations and supporters who make these opportunities possible for our students, including Pleasant Hill School District, Pleasant Hill FFA Alumni & Supporters, the Pleasant Hill Booster Club, Pleasant Hill Education Foundation and Stahlbush Farms. These opportunities continue to demonstrate the strength of Pleasant Hill's Career and Technical Education programs and the dedication of our students, staff, families, alumni and community supporters who help make these experiences possible.

CTE, FFA and Agriculture News and Updates

HEALTH SCIENCE CTE PROGRAM

Pleasant Hill High School's Health Sciences CTE Program has continued to expand throughout the 2025–26 school year, providing students with meaningful opportunities to explore healthcare careers, earn industry-recognized credentials, develop leadership skills and participate in hands-on medical training and community service.

Throughout the year, students benefited from monthly visits from healthcare professionals representing a wide range of specialties. Guest speakers included Emergency Room nurses, Labor & Delivery and Midwife nurses, a Mammography and Radiology Technician, a Psychiatric Mental Health Nurse Practitioner, Dentist, Veterinary Ophthalmologist and a Licensed Nutritionist. These interactive presentations gave students firsthand insight into healthcare careers, educational pathways, workplace expectations and the many opportunities available within the healthcare field.

This year also marked the successful launch of the Pleasant Hill Medical Club, which has quickly become an important extension of the Health Sciences CTE Program. The club provides students with opportunities for leadership development, collaboration, career exploration and community engagement. Students participated in job shadowing experiences at Our Community Birthing Center and Oregon Imaging Center, where they observed healthcare professionals in real-world clinical settings and explored potential career pathways. They also had the opportunity to tour the Anatomy lab at Willamette University, where they learned from university students more about the human body and also about various science programs offered at this school.

The Medical Club also introduced "Billies Helping the Herd," a year-long annual community service and fundraising initiative designed to support Pleasant Hill and surrounding communities. Through monthly fundraising efforts, students are working to provide non-perishable food to local families and the Dexter Food Pantry. During the holiday season, students assembled and distributed Christmas gift bags filled with candy and small gifts for local children, helping spread holiday cheer while reinforcing the importance of service, compassion and civic responsibility. This spring semester, Medical Club students also raised funds to purchase food items to create pasta dinner meal kits, which members assembled and delivered to the Dexter Food Pantry to help support local families in need. Community members are encouraged to look for future opportunities to donate and support this ongoing student-led service initiative, "Billies Helping the Herd," as the club continues its mission of giving back to the community.

Hands-on learning continues to be a major focus within the Health Sciences pathway. This year, students in the Introduction to Healthcare Careers class used an ECG Simulator funded through a grant from the Pleasant Hill Education Foundation (PHEF) to learn how to recognize and interpret abnormal heart rhythms. Through realistic patient scenarios and interactive training, students gained foundational ECG interpretation skills and a deeper understanding of cardiac function. In addition, a McKenzie Willamette Medical Center Emergency Room nurse visited the Introduction to Healthcare Careers 2 (IHC 2) class multiple times to teach students basic nursing injection skills and IV insertion techniques. Using injection practice pads and venipuncture mannequins purchased through grant funding from the Pleasant Hill Education Foundation, students gained valuable hands-on experience practicing these foundational clinical skills in a safe learning environment.

HEALTH SCIENCES CTE PROGRAM UPDATES, CONTINUED FROM PAGE 11

The Health Sciences CTE Program also secured several grants this year to significantly expand medical training resources and specialized instructional equipment. New equipment purchases included Child CPR manikins, AED trainers and additional medical simulation supplies. These resources provide students with authentic, hands-on experiences that increase engagement and better prepare them for postsecondary education, healthcare certifications and future careers in medicine and allied health professions.

In partnership with Pleasant Hill Goshen Fire & Rescue Department (PHGFD), the Emergency Medical Responder (EMR) course is also well underway. This unique program gives students pursuing careers in emergency medical services the opportunity to work alongside certified EMS professionals and firefighters while gaining real-world emergency response experience. Students develop critical skills including CPR, wound care, splinting and patient assessment while strengthening communication, teamwork and decision-making abilities under pressure. Through mentorship from experienced emergency personnel, students gain valuable insight into careers in EMS and firefighting and may be eligible to apply for EMR certification through the Oregon Health Authority upon course completion.

Students in the Pleasant Hill High School Health Science CTE pathway also earned several industry-recognized certifications through the Stacked Health Science Credentials Portfolio (CTE IRC Code 0CREDHEO25). Certifications included AHA BLS CPR, HIPAA compliance, and Bloodborne Pathogen training. These credentials provide students with valuable workforce-ready skills while increasing their readiness for healthcare careers, internships, and postsecondary healthcare programs.

Through partnerships, grants, mentorship, certifications and hands-on experiences, Pleasant Hill High School's Health Sciences CTE Program continues to provide students with exceptional opportunities to build confidence, develop practical skills and prepare for successful futures in healthcare careers.
